**“393.310. 1. This section shall only apply to gas corporations as defined in section 386.020, RSMo. This section shall not affect any existing laws and shall only apply to the program established pursuant to this section.**

**2. As used in this section, the following terms mean:**

**(1) “Aggregate”, the combination of natural gas requirements of eligible school entities on a Missouri gas corporation's delivery system and by interstate pipelines for the purpose of jointly purchasing natural gas supply;**

**(2) “Bundled charge”, the total price paid by the eligible school entity for natural gas as delivered into the distribution system;**

**(3) “Commission”, the Missouri public service commission;**

**(4) “Delivery system”, the natural gas distribution and transmission lines which are owned by a Missouri gas corporation and charges for use of them are regulated by the commission;**

**(5) “Earnings neutrality”, setting the aggregation charge so that the revenues generated by the aggregation charge equal, as nearly as possible, the incremental costs caused by the experimental aggregation program;**

**(6) “Eligible school entity”, shall include any seven-director, urban or metropolitan school district as defined pursuant to section 160.011, RSMo, and shall also include, one year after the effective date of this section and thereafter, any school for elementary or secondary education situated in this state, whether a charter, private, or parochial school or school district;**

**(7) “Energy seller”, the entity that uses the delivery system of a gas corporation for delivery of natural gas supply from an interstate pipeline to the gas corporation's meter for use by a school or school district;**

(8) "Interstate pipeline", a natural gas pipeline which delivers natural gas supply from outside the state to a Missouri gas corporation's system and which is price regulated by the Federal Energy Regulatory Commission;

(9) "Intrastate pipeline", a natural gas pipeline which delivers natural gas supply from inside the state to a Missouri gas corporation's system and which is price regulated by the commission.

3. Each Missouri gas corporation shall file, by August 1, 2002, a set of experimental small volume transportation schedules or tariffs applicable the first year to public school districts and applicable to all school districts, whether charter, private, public, or parochial, thereafter.

4. The schedules or tariffs required pursuant to subsection 3 of this section shall, at a minimum:

(1) Provide for aggregate purchasing of natural gas requirements for eligible school entities by and through a not-for-profit school association, as the principal contracting party, require energy sellers to register with the commission pursuant to subsection 8 of this section and to transfer title to the gas corporation of any natural gas for aggregate purchase, and require the not-for-profit school association to provide energy sellers with bundled charge information on a monthly basis so that the gas corporation can collect local gross receipts taxes;

(2) Establish small volume natural gas delivery charges which are equal to commission-approved gas corporation charges for general utility natural gas service, less the gas corporation's cost of purchased natural gas supply and interstate pipeline charges, plus an aggregation and monthly balancing charge not to exceed four-tenths of one cent per therm delivered;

(3) Provide eligible school entities with the option of contracting with their gas corporation for interstate pipeline capacity equal to each eligible school entity's aggregate requirements. Eligible school entities shall pay market prices to the gas corporation for use of contracted interstate pipeline capacity at prices consistent with prices that would be received when posted for release with the interstate pipeline;

(4) Not require telemetry or special metering, except for individual school meters over one hundred thousand therms annually for purposes of daily balancing on the distributor, when required by the pipeline system, provided that the gas corporation shall use its best efforts to minimize related costs;

(5) Require each gas corporation to provide to each eligible school entity or its designated agent, at least five weekdays prior to the beginning of each month, usage and heating-degree-day information for each school facility for the same month during the previous year, and any other information the gas corporation considers relevant; and

(6) Impose penalties only in accordance with gas corporation tariffs if the projected daily quantities of natural gas are not delivered to the distributor's delivery system. Such penalties shall not exceed the penalties approved by the commission in the gas corporation's large volume transportation tariffs.

5. The commission may suspend the schedules or tariffs as required pursuant to subsection 3 of this section for a period ending no later than November 1, 2002, to examine the assumptions and estimates used and to review and ensure compliance with the requirements of this section.

6. Prior to September 1, 2003, and prior to September first of each succeeding year, the not-for-profit school association which administers experimental aggregate natural gas purchasing shall report to the commission the number of participating eligible school entities, usage and gas cost savings of each entity. Within ninety days after the receipt of such report, the commission shall report to the president pro tempore of the senate and speaker of the house of representatives on the progress and public benefit of the experimental small volume natural gas aggregation provided in this section. The report shall contain such information as the commission determines is necessary to allow the general assembly to determine whether the program shall be extended in duration and applicability.

7. Prior to June 1, 2003, and prior to June first of each succeeding year, each gas corporation shall file with the commission the gas corporation's revenues from the aggregation administrative and monthly balancing charges and its costs which are a direct result of implementing experimental small volume transportation for eligible school entities. As needed from time to time, and notwithstanding the general prohibition on single-issue ratemaking, the commission shall determine the aggregation and monthly balancing charge to maintain earnings neutrality for the gas corporation.

8. (1) Any energy seller that will be transferring natural gas to a gas corporation pursuant to the tariff described in this section shall first register with the commission by filing a written statement of its intent to provide such natural gas and must maintain such registration in order to continue providing natural gas to the gas corporation pursuant to such tariff.

(2) An energy seller registering with the commission shall provide the following information and update such information when and as requested by the commission:

- (a) Corporate name, address, and most recent annual report;
- (b) Name and address of any affiliate of the applicant that is engaged in the provision of natural gas;
- (c) A bond or other demonstration of financial capability to satisfy potential claims or expenses that can reasonably be anticipated to occur as part of the applicant's operations under its certificate, including a failure to honor contractual commitments. The adequacy of the bond or demonstration shall be determined by the commission from time to time;
- (d) A description of the applicant's technical, financial, and managerial resources and abilities to comply with all applicable federal, state, regional, and industry statutes, rules, policies, practices, and procedures for the provision of natural gas; and

(e) Evidence that the applicant has an office in this state and an agent for service of process.

9. The commission may adopt by order such other procedures not inconsistent with this section which the commission determines are reasonable or necessary to administer the experimental program. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

10. This section shall terminate June 30, 2005.

Any contract entered into pursuant to this subdivision shall contain a provision that the requirements of sections 290.210 to 290.340, RSMo, shall apply;

(9) Purchase, sell, exchange, transmit, treat, dispose or distribute water, sewage, gas, heat or electric power and energy, or any by-product resulting therefrom, within and outside the state, in such amounts as it shall determine to be necessary and appropriate to make the most effective use of its powers and to meet its responsibilities, and to enter into agreements with any person with respect to such purchase, sale, exchange, treatment, disposal or transmission, on such terms and for such period of time as its board of directors shall determine.

A commission may not sell or distribute water, gas, heat or power and energy, or sell sewage service at retail to ultimate customers outside the boundary limits of its contracting municipalities except pursuant to subsection 2 or 3 of this section;

(10) Acquire, own, hold, use, lease, as lessor or lessee, sell or otherwise dispose of, mortgage, pledge, or grant a security interest in any real or personal property, commodity or service or interest therein;

2. When a municipality purchases a privately owned water utility and a commission is created pursuant to sections 393.700 to 393.770, the commission may continue to serve those locations previously receiving water from the private utility even though the location receives such service outside the geographical area of the municipalities forming the commission. New water service may be provided in such areas if the site to receive such service is located within one-fourth of a mile from a site serviced by the privately owned water utility.

3. When a commission created by any of the contracting entities listed in subdivision (4) of section 393.705 becomes a successor to any nonprofit water corporation, nonprofit sewer corporation or other nonprofit agency or entity organized to provide water or sewer service, the commission may continue to serve, as well as provide new service to, those locations and areas previously receiving water or sewer service from such nonprofit entity, regardless of whether or not such location receives such service outside the geographical service area of the contracting entities forming such commission; provided that such locations and areas previously receiving water and sewer service from such nonprofit entity are not located within:

2. Each bond issued pursuant to the provisions of sections 393.700 to 393.770 shall contain a statement that such bond is not an indebtedness of the state, or of any political subdivision thereof, other than the joint municipal utility commission, or of the contracting municipalities, the contracting public water supply districts or the contracting sewer districts, but shall be special obligations of the commission only and that neither the faith and credit nor the taxing power of the state or of any political subdivision thereof, or of the contracting municipalities, contracting public water supply districts or contracting sewer districts is pledged to the payment of or the interest on such bonds. The bonds shall not be deemed to be an indebtedness within the meaning of any constitutional or statutory limitation upon the incurring of indebtedness. Neither the members of the board of directors of a commission nor any person executing the bonds shall be liable personally on the bonds by reason of the lawful issuance thereof.

3. A commission, subject to the provisions of section 393.760, may from time to time issue its bonds in such principal amounts as it deems necessary to provide sufficient funds to purchase, construct, extend or improve a project, including the establishment or increase of reserves, interest accrued during construction of such project and for a period not exceeding one year after the completion of construction of such project, and the payment of all other costs or expenses of the commission incident to and necessary or convenient to carry out its corporate purposes and powers.

4. Bonds of a commission shall be authorized by resolution of the board of directors and may be issued under such resolution or under a trust indenture or other security instrument, as authorized by the resolution, in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form, either coupon, registered or both, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places within or without the state, and be subject to such terms of redemption, with or without premium, as such resolution, trust indenture or other security instrument may provide, and without limitation by the provisions of any other law limiting amounts, maturities or interest rates.

5. The bonds shall be sold at public sale [and in the event of a rejection of all bids by the commission, the bonds may be sold] **or** at private sale as the commission may provide and at such price or prices as the commission shall determine [or for a joint municipal utility commission within a fifteen-county area being served with water from a lake constructed by the U.S. Army Corps of Engineers and located north of the Missouri River, if the commission determines it is in the best interest of the commission, at private sale. The reason or reasons why private sale is in the best interest of the people served shall be set forth in the order or resolution authorizing the private sale]. The decision of the

commission shall be conclusive.

6. The bonds may be signed by manual or facsimile signatures as determined by resolution of the board. In case any of the officers whose signatures appear on any bonds or coupons shall cease to be such officers before the delivery of such obligations, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if the officers had remained in office until such delivery.

7. Pending preparation of definitive bonds, a commission may issue temporary bonds which shall be exchanged for the definitive bonds when such bonds shall have been executed and are available for delivery.

8. All bonds issued under the provisions of sections 393.700 to 393.770 shall be negotiable instruments [under] **pursuant to** the provisions of the uniform commercial code of the state.

393.740. 1. All bonds issued pursuant to sections 393.700 to 393.770 and all income or interest thereon shall be exempt from all state taxes, except estate and transfer taxes.

2. All property, real and tangible personal, **except for properties acquired exclusively for water supply districts**, acquired by the bonds issued pursuant to sections 393.700 and 393.770 or otherwise acquired by a commission shall be subject to taxation for state, county, and municipal and other local purposes **only** to the same extent as [bridge and public utility companies under the provisions of sections 153.030, RSMo, and 138.420, RSMo, except for those properties acquired exclusively for water supply districts] **if such property was owned directly by each participating municipality in proportion to the percentage of each municipality's interest or participation in the facility or property.**

[386.025. Any joint municipal utility commission established by contract for the purpose of owning, operating, controlling or managing all or part of any gas or electric light works, heating or power plants, or gas or electrical production, distribution or transmission facilities shall be considered a gas corporation or electrical corporation, as the case may be, as those terms are defined in this chapter.]

[393.295. All provisions of this chapter and chapter 386, RSMo, concerning court proceedings and the jurisdiction, supervision, powers and duties of the public service commission with reference to gas corporations and electrical corporations, including, but not limiting by enumeration those provisions concerning supervision, investigations, complaints, hearings, reports, approval of certificates of franchises, granting of certificates, approval of issues of stocks, bonds, notes and other evidence of indebtedness, keeping of accounts, fixing of just and reasonable rates, which shall be based on costs associated with any property of such corporations, shall be and are hereby made fully applicable to any joint municipal utility commission which owns, operates, controls or manages all or part of any gas or electric light works, heating or power plants, electrical energy resources or gas or electrical production, distribution or transmission facilities in this state. Nothing contained herein, however, shall affect the rights, privileges or duties of existing corporations pursuant to this chapter, including the construction of facilities within an existing certificated area.]

[393.765. All provisions of chapters 386, RSMo, and 393 in reference to the jurisdiction, supervision, powers and duties of the public service commission with reference to gas and electrical corporations are hereby made applicable to any commission proposed to be created pursuant to sections 393.700 to 393.770 which commission proposes to own, operate, control or manage any gas or electrical light works, heating or power plant in this state, and such provisions shall have full application thereto.]

Section B. Because immediate action is necessary to authorize certain utility projects, the repeal of sections 386.025, 393.295 and 393.765, the repeal and reenactment of sections 393.700, 393.705, 393.715, 393.725 and 393.740, and the enactment of section 393.310, of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal of sections 386.025, 393.295 and 393.765, the repeal and reenactment of sections 393.700, 393.705, 393.715, 393.725 and 393.740, and the enactment of section 393.310 of this act shall be in full force and effect upon its passage and approval.”; and

Further amend the title and enacting clause accordingly.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

*Senate Amendment No. 9*

AMEND Senate Committee Substitute for House Bill No. 1402, Page 4, Section 392.410, Line 76, by adding after the “.” on said line the following:

- “386.887. 1. This section shall be known and may be cited as the "Consumer Clean Energy Act".**
- 2. As used in this section, the following terms mean:**
- (1) "Commission", the public service commission of the state of Missouri;**
  - (2) "Customer-generator", a consumer of electric energy who purchases electric energy from a retail electric energy supplier and is the owner of a qualified net metering unit;**
  - (3) "Local distribution system", facilities for the distribution of electric energy to the ultimate consumer thereof;**
  - (4) "Net energy metering", a measurement of the difference between the electric energy supplied to a customer-generator by a retail electric supplier and the electric energy generated by a customer-generator that is delivered to a local distribution system at the same point of interconnection;**
  - (5) "Qualified net metering unit", an electric generation unit which:**
    - (a) Is owned by a customer-generator;**
    - (b) Is a hydrogen fuel cell or is powered by sun, wind or biomass;**
    - (c) Has an electrical generating system with a capacity of not more than one hundred kilowatts;**
    - (d) Is located on the premises that are owned, operated, leased or otherwise controlled by the customer-generator;**
    - (e) Is interconnected and operates in parallel and in synchronization with a retail electric supplier; and**
    - (f) Is intended primarily to offset part or all of the customer-generator's own electrical requirements;**
  - (6) "Retail electric supplier" or "supplier", any person that sells electric energy to the ultimate consumer thereof;**
  - (7) "Value of electric energy", the total resulting from the application of the appropriate rates, which may be time of use rates at the option of the supplier, to the quantity of electric energy produced from qualified net metering units or to the quantity of electric energy sold to customer-generators.**
- 3. By August 28, 2003, each retail electric supplier shall adopt rates, charges, conditions and contract terms for the purchase from and the sale of electric energy to customer-generators. The commission, in consultation with the department and retail electric suppliers, shall develop a simple contract for such transactions and make it available to eligible customer-generators and retail electric suppliers. Upon agreement of the wholesale generator supplying electric energy to the retail electric supplier, at the option of the retail electric supplier, the purchase from the customer-generator may be by the wholesale generator. Any time of use or other rates charged for electric energy sold to customer-generators shall be the same as those made available to any other customers with the same net electric energy usage pattern including minimum bills and service availability charges. Rates for electric energy generated by the customer-generator from a qualified net generating unit and sold to the retail electric supplier or its wholesale generator shall be the avoided cost (time of use or non-time of use) of the generation used by the retail electric supplier to serve its other customers. Whenever a customer-generator with a qualified net generating unit uses any energy generation method entitled to eligibility under a minimum renewable energy generation requirement, the total amount of energy generated by that method shall be treated as generated by the generator providing electric energy to the retail electric supplier for purposes of such requirement. The wholesale generator, at the option of the retail electric supplier, shall receive credit for emissions avoided by the wholesale generator because of electric energy purchased by the wholesale generator or the retail electric supplier from a qualified net metering unit. If the supplier is required to file tariffs with the commission, the commission shall review the reasonableness of the charges provided in such tariffs.**
- 4. Each retail electric supplier shall calculate the net energy measurement for a customer-generator in the following manner:**
- (1) The retail electric supplier shall individually measure both the electric energy produced and the electric energy consumed by the customer-generator during each billing period using an electric metering capable of such function, either by a single meter capable of registering the flow of electricity in two directions or by using multiple meters;**
  - (2) If the value of the electric energy supplied by the retail electric supplier exceeds the value of the**

electric energy delivered by the customer-generator to the retail electric supplier during a billing period, then the customer-generator shall be billed for the net value of the electric energy supplied by the retail electric supplier in accordance with the rates, terms and conditions established by the retail electric supplier for customer-generators; and

(3) If the value of the electric energy generated by the customer-generator exceeds the value of the electric energy supplied by the retail electric supplier, then the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period; and

(b) Shall be credited for the excess value of the electric energy generated and supplied to the retail electric supplier during the billing period, with this credit appearing on the bill for the following billing period.

5. A retail electric supplier shall not be required to provide net metering service with respect to additional customer-generators after the date during any calendar year on which the total generating capacity of all customer-generators with qualified net metering units served by that retail electric supplier is equal to or in excess of the lesser of ten thousand kilowatts or one-tenth of one percent of the capacity necessary to meet the company's aggregate customer peak demand for the preceding calendar year.

6. Each retail electric supplier shall maintain and make available to the public records of the total generating capacity of customer-generators of the supplier that are using net metering, the type of generating systems and energy source used by the electric generating systems which customer-generators use. Each such retail electric supplier shall notify the commission when the total generating capacity of such customer-generators is equal to or in excess of the lesser of ten thousand kilowatts or one-tenth of one percent of the capacity necessary to meet the company's aggregate customer peak demand for the preceding calendar year.

7. Each qualified net metering unit used by a customer-generator shall meet all applicable safety, performance, synchronization, interconnection and reliability standards established by the commission, the National Electrical Safety Code, National Electrical Code, the Institute of Electrical, Electronics Engineers, and Underwriters Laboratories. Each qualified net metering unit used by a customer-generator shall also meet all reasonable standards and requirements established by the retail electric supplier to enhance employee, consumer and public safety and the reliability of electric service to the customer-generator and other consumers receiving electric service from the retail electric supplier. Each qualified net metering unit used by a customer-generator shall also comply with all applicable local building, electrical and safety codes. The customer-generator shall obtain liability insurance coverage in amounts and coverage as set by the commission by rule applicable to all qualified net metering units.

8. The cost of meeting the standards of subsection 7 of this section and any cost to install additional controls, to install additional metering, to perform or pay for additional tests or analysis of the effect of the operation of the qualified net metering unit on the local distribution system shall be paid by the customer-generator.

9. Applications by a customer-generator for interconnection to the distribution system shall include a copy of the plans and specifications for the qualified net metering unit for review and acceptance by the retail electric supplier. Prior to connection of the qualified net metering unit to the distribution system, the customer-generator will furnish the retail electric supplier a certification from a qualified professional electrician or engineer that the installation meets the requirements of subsection 7 of this section. Such applications shall be reviewed and responded to by the retail electric supplier within ninety days. If the application for interconnection is approved by the retail electric supplier, the retail electric supplier shall complete the interconnection within fifteen days if electric service already exists to the premises, unless a later date is mutually agreeable to both the customer-generator and the retail electric supplier.

10. The sale of qualified net metering units shall be subject to the provisions of sections 407.700 to 407.720, RSMo. The attorney general shall have the authority to promulgate in accordance with the provisions of chapter 536, RSMo, rules regarding mandatory disclosures of information by sellers of qualified net metering units. Such rules shall as a minimum require disclosure of the standards of subsection 7 of this section and potential liability of the owner or operator of a qualified net metering unit to third persons for personal injury or property damage as a result of negligent operation of a qualified net metering unit. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become

effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SEVENTY-FIRST DAY, TUESDAY, MAY 14, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Reverend Rudy Beard.

God of Grace and Truth: we pride ourselves that we learn something new everyday. Grant Your guiding light this day. Shine it upon the men and women of this House. Let Your illuminating truth lead them through the decisions and issues that confront them.

Give to these who seek to serve the common good, both humility and clarity of thought. Soothe any still-smoldering heart, with the spirit of generosity. Let these decision makers be swayed not by emotion or ambition, but guided by calm conviction and blessed with uncommon patience.

To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Eleanor Catherine Byrd, Layne Reynolds, Kristin Herron, Kellie Evrad and Jerrod Osthoff.

The Journal of the seventieth day was approved as corrected.

**“281.217. 1. There is hereby created in the state treasury the “Pesticide Project Fund”. In addition to the annual registration fee imposed by section 281.260, an annual registration fee of fifty dollars shall be imposed for each product registered pursuant to section 281.260, and credited to the pesticide project fund. The moneys in the fund shall be used for the following purposes:**

**(1) Up to twenty percent for the administration of the pesticide project fund and the pesticide registration program;**

**(2) Up to eighty percent for distribution to projects that relate to: pesticide and agriculture education efforts; pesticide applicator training; pesticide and water quality monitoring activities; household and agricultural pesticide and pesticide container disposal initiatives; integrated pest management (IPM) practices; and applied research on IPM and water quality improvement programs at the University of Missouri agricultural research stations;**

**2. Notwithstanding the provisions of section 33.080, RSMo, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.**

**3. To be eligible for moneys in the pesticide project fund, applicants shall submit a proposed project plan to the director by March thirty-first, prior to the fiscal year in which the moneys are to be allocated. Allocation of project moneys will be dependent upon an executed memorandum of understanding between the entity receiving the moneys and the director.**

**4. Within thirty days of the end of the state fiscal year in which moneys are allocated, the recipients of the moneys shall submit to the director a report which shall contain an accounting of all moneys expended from the pesticide project fund during such fiscal year and a report of the project or projects for which the moneys were utilized.**

**5. Any unobligated or unexpended project moneys allocated to an entity shall revert to the pesticide project fund within sixty days of the close of the project.**

**6. If an entity fails to complete a project as outlined in the project plan and memorandum of the understanding, the entity shall submit partial or full repayment of the allocated moneys to the pesticide project fund as determined by the director.**

**7. No moneys, except moneys for pesticide project fund or pesticide registration program administration, shall be withdrawn from the fund prior to July 1, 2003.**

**8. If the balance of the pesticide project fund exceeds five million dollars in unobligated funds during any calendar year, fees required for registration of pesticides will be reduced to fifteen dollars the following registration period. When the fund attains a balance of three million dollars, the registration fee will be increased to one hundred twenty-five dollars the following registration period.**

**9. The pesticide project fund shall be administered by the plant industries division, or any successor division, within the department of agriculture.**

**10. The department shall provide a written report to the chairpersons of the house agriculture and senate agriculture, parks and tourism committees at the opening of every session of the Missouri general assembly providing a detailed account of the programs funded and grants made from the pesticide project fund as well as a description of the expected benefit to the agriculture community.**

**11. Any moneys remaining in the pesticide project fund on January 1, 2006, shall revert to the credit of the general revenue fund and the pesticide project fund shall be abolished.**

**12. The provisions of this section shall expire on January 1, 2006.**

281.240. 1. No person shall distribute, sell, offer for sale, hold for sale, deliver for transportation, or transport in intrastate commerce or between points within this state through any point outside of this state any of the following:

(1) Any pesticide which has not been registered pursuant to the provisions of section 281.260, or any pesticide if any of the claims made for it or any of the directions for its use differ in substance from the representations made in connection with its registration, or if the composition of a pesticide differs from its registration; provided that, in the discretion of the director, a minor change in the labeling or formula of a pesticide may be made within a registration period without requiring reregistration of the product. **Any change in company name, trade name, active ingredient, concentration of active ingredient, or environmental protection agency (EPA) registration number shall not be considered a minor change and shall require registration as a new product;**

(2) Any pesticide, unless it is in the registrant's or the manufacturer's unbroken immediate container or a bulk container sealed by the registrant, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one, through which the required information on the immediate container cannot be clearly read, a label bearing:

(a) The name and address of the manufacturer, registrant, or person for whom manufactured;  
 (b) The name, brand, or trademark under which said article is sold; and  
 (c) The net weight or measure of the contents, subject, however, to such reasonable variations as the director may permit;

(3) Any pesticide which contains any substance or substances in quantities highly toxic to man unless the label shall bear, in addition to any other matter required by sections 281.210 to 281.310:

(a) The skull and crossbones;  
 (b) The word "poison" prominently, in red, on a background of distinctly contrasting color; and  
 (c) A statement of an antidote for the pesticide;  
 (4) Any pesticide which is adulterated or misbranded, or any device which is misbranded.

2. It shall be unlawful:

(1) For any person to detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for in sections 281.210 to 281.310, or rules promulgated thereunder, or to add any substance to or take any substance from a pesticide in a manner that may defeat the purpose of sections 281.210 to 281.310;

(2) For any person to use for his own advantage or to reveal, other than to the director or proper officials or employees of this state, the courts of this state in response to a subpoena, physicians, or, in emergencies, pharmacists and other qualified persons for use in the preparation of antidotes, any information relative to formulas of products acquired by authority of section 281.260.

281.260. 1. Every pesticide which is distributed, sold, offered for sale or held for sale within this state, or which is delivered for transportation or transported in intrastate commerce or between points within this state through any point outside of this state, shall be registered in the office of the director, and the registration shall be renewed annually.

2. The registrant shall file with the director a statement including:

(1) The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;  
 (2) The name of the pesticide;  
 (3) Classification of the pesticide; and  
 (4) A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it, including directions for use.

3. The registrant shall pay an annual fee of fifteen dollars for each product registered in any calendar year or part thereof. The fee shall be deposited in the state treasury to the credit of the general revenue fund. All such registrations shall expire on December thirty-first of any one year, unless sooner canceled. A registration for a special local need pursuant to subsection 6 of this section, which is disapproved by the federal government, shall expire on the effective date of the disapproval.

4. Any registration approved by the director and in effect on the thirty-first day of December for which a renewal application has been made and the proper fee paid shall continue in full force and effect until such time as the director notifies the applicant that the registration has been renewed, or otherwise denied, in accord with the provisions of subsection 8 of this section. Forms for reregistration shall be mailed to registrants at least ninety days prior to the expiration date.

5. If the renewal of a pesticide registration is not filed prior to January first of any one year, an additional fee of [five] **fifty** dollars shall be assessed and added to the original fee and shall be paid by the applicant before the registration renewal for that pesticide shall be issued; provided, that, such additional fee shall not apply if the applicant

furnishes an affidavit certifying that he **or she** did not distribute such unregistered pesticide during the period of nonregistration. The payment of such additional fee is not a bar to any prosecution for doing business without proper registry.

6. Provided the state complies with requirements of the federal government to register pesticides to meet special local needs, the director shall require that registrants comply with sections 281.210 to 281.310 and pertinent federal laws and regulations. Where two or more pesticides meet the requirements of this subsection, one shall not be registered in preference to the other.

7. The director may require the submission of the complete formula of any pesticide to approve or deny product registration. If it appears to the director that the composition and efficacy of the pesticide is such as to warrant the proposed claims for it and if the pesticide and its labeling and other material required to be submitted comply with the requirements of sections 281.210 to 281.310, [he] **the director** shall register the pesticide.

**8. The director, after opportunity for hearing, may deny, cancel, suspend, or revoke a pesticide registration if, after consideration to pertinent research findings and recommendations of other agencies of this state, the federal government or other reliable sources, the pesticide may cause damage or injury, or is considered dangerous or harmful to persons or the environment.**

9. Provided the state is authorized to issue experimental use permits, the director may:

(1) Issue an experimental use permit to any person applying for an experimental use permit if [he] **the director** determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide [under] **pursuant to** sections [263.269 to 263.380] **281.210 to 281.310**. An application for an experimental use permit may be filed at the time of or before or after an application for registration is filed;

(2) Prescribe terms, conditions, and period of time for the experimental permit which shall be under the supervision of the director;

(3) Revoke any experimental permit, at any time, if [he] **the director** finds that its terms or conditions are being violated, or that its terms [and] **or** conditions are inadequate to avoid unreasonable adverse effects on the environment.

[9.] **10.** If it does not appear to the director that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of sections 281.210 to 281.310 or with federal laws, [he] **the director** shall notify the registrant of the manner in which the pesticide, labeling, or other material required to be submitted fail to comply with sections 281.210 to 281.310 or with federal laws so as to afford the registrant an opportunity to make the necessary corrections. If, upon receipt of such notice, the registrant insists that such corrections are not necessary and requests in writing that the pesticide be registered or, in the case of a pesticide that is already registered, that it not be canceled, the director, within ninety days, shall hold a public hearing to determine if the pesticide in question should be registered or canceled. If, after such hearing, it is determined that the pesticide should not be registered or that its registration should be canceled, the director may refuse registration or cancel an existing registration until the required label changes are accomplished. If the pesticide is shown to be in compliance with sections 281.210 to 281.310 and federal laws, the pesticide will be registered. Any appeals resulting from administrative decisions by the director will be taken in accordance with sections 536.100 to 536.140, RSMo.

[10.] **11.** Notwithstanding any other provision of sections 281.210 to 281.310, registration is not required in the case of a pesticide shipped from one plant or warehouse within this state to another plant or warehouse within this state when such plants are operated by the same persons.

[11.] **12.** The director shall not make any lack of essentiality a criterion for denying registration of a pesticide except where none of the labeled uses are present in the state. Where two or more pesticides meet the requirements of sections 281.210 to 281.310, one shall not be registered in preference to the other.”; and

Further amend the title and enacting clause accordingly.

*Senate Amendment No. 6*

AMEND Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 1962, Page 12, Section 143.782, Line 25, by inserting immediately after said line the following:

“287.210. 1. After an employee has received an injury he shall from time to time thereafter during disability submit to reasonable medical examination at the request of the employer, his insurer, the commission, the division or an administrative law judge, the time and place of which shall be fixed with due regard to the convenience of the employee and his physical condition and ability to attend. The employee may have his own physician present, and if the employee refuses to submit to the examination, or in any way obstructs it, his right to compensation shall be forfeited during such period unless in the opinion of the commission the circumstances justify the refusal or obstruction.

2. The commission, the division or administrative law judge shall, when deemed necessary, appoint a duly qualified impartial physician to examine the injured employee, and any physician so chosen, if he accepts the appointment, shall promptly make the examination requested and make a complete medical report to the commission or the division in such duplication as to provide all parties with copies thereof. **In the case of a claim against the second injury fund, the administrative law judge may appoint an impartial physician to examine at the request of the state upon a finding that there is no other adequate medical evidence available and necessary to the state upon the issues presented by the second injury claim.** The physician's fee shall be fair and reasonable, as provided in subsection 3 of section 287.140, and the fee and other reasonable costs of the impartial examination may be [paid as other costs under this chapter] **assessed by the administrative law judge against any party and become immediately payable.** If all the parties shall have had reasonable access thereto, the report of the physician shall be admissible in evidence.

3. The testimony of any physician who treated or examined the injured employee shall be admissible in evidence in any proceedings for compensation [under] **pursuant to** this chapter, but only if the medical report of the physician has been made available to all parties as in this section provided. Immediately upon receipt of notice from the division or the commission setting a date for hearing of a case in which the nature and extent of an employee's disability is to be determined, the parties or their attorneys shall arrange, without charge or costs, each to the other, for an exchange of all medical reports, including those made both by treating and examining physician or physicians, to the end that the parties may be commonly informed of all medical findings and opinions. The exchange of medical reports shall be made at least seven days before the date set for the hearing and failure of any party to comply may be grounds for asking for and receiving a continuance, upon proper showing by the party to whom the medical reports were not furnished. If any party fails or refuses to furnish the opposing party with the medical report of the treating or examining physician at least seven days before such physician's deposition or personal testimony at the hearing, as in this section provided, upon the objection of the party who was not provided with the medical report, the physician shall not be permitted to testify at that hearing or by medical deposition.

4. Upon request, an administrative law judge, the division, or the commission shall be provided with a copy of any medical report.

5. As used in this chapter the terms “physician's report” and “medical report” mean the report of any physician made on any printed form authorized by the division or the commission or any complete medical report. As used in this chapter the term “complete medical report” means the report of a physician giving the physician's qualifications and the patient's history, complaints, details of the findings of any and all laboratory, X-ray and all other technical examinations, diagnosis, prognosis, nature of disability, if any, and an estimate of the percentage of permanent partial disability, if any. Cross-examination testimony shall not bind the cross-examining party. Any testimony obtained by the offering party shall be at that party's expense on a proportional basis, including the deposition fee of the physician. Upon request of any party, the party offering a complete medical report in evidence must also make available copies of X rays or other diagnostic studies obtained by or relied upon by the physician. Within ten days after receipt of such notice a party shall dispute whether a report meets the requirements of a complete medical report by providing written objections to the offering party stating the grounds for the dispute, and at the request of any party, the administrative law judge shall rule upon such objections upon pretrial hearing whether the report meets the requirements of a complete medical report and upon the admissibility of the report or portions thereof. If no objections are filed the report is admissible, and any objections thereto are deemed waived. Nothing herein shall prevent the parties from agreeing to admit medical reports or records by consent. [The provisions of this subsection shall not apply to claims against the second injury fund.]

8. Certified copies of the proceedings before any coroner holding an inquest over the body of any employee receiving an injury in the course of his employment resulting in death shall be admissible in evidence in any proceedings for compensation [under] **pursuant to** this chapter, and it shall be the duty of the coroner to give notice of the inquest to the employer and the dependents of the deceased employee, who shall have the right to cross-examine the witness.

(2) Cooperate and collaborate with the hotel and restaurant industry to:

(a) Restrict the activities of those doormen employed by hotels and restaurants who accept payment from taxicab drivers or taxicab companies in exchange for the doormen's assistance in obtaining passengers for such taxicab drivers and companies; and

(b) Obtain the adherence of hotel shuttle vehicles to the requirement that they operate solely on scheduled trips between fixed termini and shall have authority to create guidelines for hotel and commercial shuttles;

(3) Cooperate and collaborate with other governmental entities, including the government of the United States, this state, and political subdivisions of this and other states;

(4) Cooperate and collaborate with governmental entities whose boundaries adjoin those of the district to assure that any taxicab or taxicab company neither licensed by the commission nor officed within its boundaries shall nonetheless be subject to those aspects of the taxicab code applicable to taxicabs operating within the district's boundaries;

(5) Contract with any public or private agency, individual, partnership, association, corporation or other

entity, consistent with law, for the provision of services necessary to improve the quality of taxicab service within the district;

(6) Accept grants and donations from public or private entities for the purpose of improving the quality of taxicab service within the district;

(7) Execute contracts, sue, and be sued;

(8) Adopt a taxicab code to license and regulate taxicab companies and individual taxicabs within the district consistent with existing ordinances, and to provide for the enforcement of such code for the purpose of improving the quality of taxicab service within the district;

(9) Collect reasonable fees in an amount sufficient to fund the commission's licensing, regulatory, inspection, and enforcement functions; except that, for the first year after the regional taxicab commission's taxicab code becomes effective, any increase in fees shall not exceed twenty percent of the total fees collected and for subsequent years, the fees may be adjusted annually based on the rate of inflation according to the Consumer Price Index; and

(10) Establish accounts with appropriate banking institutions, borrow money, buy, sell, or lease property for the necessary functions of the commission.

67.1810. 1. To implement internally the powers which it has been granted, the commission shall:

(1) Elect its own vice chair, secretary, and such other officers as it deems necessary, make such rules as are necessary and consistent with the commission's powers;

(2) Provide for the expenditure of funds necessary for the proper administration of the commission's assigned duties;

(3) Convene monthly meetings of the entire commission or more often if deemed necessary by the commission members;

(4) Make decisions by affirmative vote of the majority of the commission; provided that each of the commissioners, including the chairperson, shall be entitled to one vote on each matter presented for vote and provided further that at least two city appointees and two county appointees, excluding the chairperson, must be included in each majority vote of the commission.

2. The commission shall not exceed or expend moneys in excess of any fees collected and any moneys provided to the commission pursuant to section 67.1820.

67.1812. Following the appointment of the commissioners, the regional taxicab commission shall meet for the purpose of establishing and adopting a district-wide taxicab code. In promulgating the taxicab code, the commission shall seek, to the extent reasonably practical, to preserve within the code provisions similar to those contained in chapter 8.98 of the city's municipal ordinance and chapter 806 of the county ordinances, both relating to taxicab issues such as licensing, regulation, inspection, and enforcement while avoiding unnecessary overlaps or inconsistencies between the ordinances. The commission shall present a draft of its district-wide taxicab code at public hearings, one of which will be held in the city and another in the county, following prior public notice of same. Notice of the public hearing shall be given by publication at least twice, the first publication to be not more than thirty days and the second publication to be not more than ten days prior to each hearing in a newspaper of general circulation in the city and county. The commission shall adopt its taxicab code no later than one hundred eighty days after the appointment of the initial commission members. The commission shall have the power to amend the taxicab code from time to time following the initial adoption without the requirement of public notice or hearings.

67.1814. The commission shall further seek the input of the city, county, and airport authority generally regarding the taxicab code and, in particularly with reference to airport taxicabs, shall seek to ensure:

(1) Continuous, smooth airport service during any transition period from the current city and county operation to the new regional taxicab commission;

(2) The need of the airport authority to provide services at the airport's passenger terminals; and

(3) Airport authority involvement as to the servicing of the airport by airport taxicabs.

The commission shall not regulate the airport or airport taxicabs as to cab parking, circulation, cab stands, or passenger loading at the airport, or the payment by airport taxicabs for use of the airport or its facilities.

67.1816. The city and county's ordinances relating to taxicabs shall remain in full force and effect and be enforced as such by the city and county until one hundred twenty days after the regional taxicab commission adopts its taxicab code, at which time such city and county ordinances shall be deemed to be rescinded as well as ordinances adopted by municipalities within the county. Upon the effective date of the taxicab code:

(1) All licensing, regulations, inspections, inspections of taxicabs, and enforcement of the taxicab code

shall rest exclusively with the regional taxicab commission;

(2) All taxicabs subject to the taxicab code shall be required to comply fully with the taxicab code, notwithstanding any previously issued licenses or certificates of convenience;

(3) All permits valid and effective as of August 28, 2002, shall remain valid and effective until the date of expiration or renewal of such permit; and

(4) All available taxicab licensing, inspection, and related fees previously collected and remaining unspent by other jurisdictions shall be immediately paid over the regional taxicab commission for its future use in administering the taxicab code.

The provisions of this section notwithstanding, existing municipal regulations relating to taxicab curb locations and curb fees as well as local business licenses which do not seek to regulate taxicab use shall not be preempted by the taxicab code except by agreement between the commission and applicable municipality.

67.1818. The commission shall establish as part of the taxicab code its own internal, administrative procedure for decisions involving the granting, denying, suspending, or revoking of licenses. The commission shall study and take into account rate and fee structures as well as the number of existing taxicab licenses within the district in considering new applications for such licenses. The internal procedures set forth in the taxicab code shall allow appeals from license-related decisions to be conducted by independent hearing officers.

67.1820. The regional taxicab commission shall initially establish, subject to public hearings thereon, an annual fee-generated budget required for the effective implementation and enforcement of the taxicab code, taking into account staffing requirements and related expenses as well as all revenue sources, including collection of fees previously paid to and unspent by other enforcing jurisdictions and future fees projected to be collected by the commission. Recognizing the elimination of duties and costs associated with the regulatory and enforcement functions of taxicab administration previously borne by the city and county and being assumed by the commission, the city and county shall have the authority to appropriate additional budgetary funding for the commission's needs.

67.1822. 1. Before the second Monday in April of each year, the regional taxicab commission shall make an annual report to the chief executive officers and to the governing bodies of the city and county stating the conditions of the commission as of the first day of January of that year, and the sums of money received and distributed by it during the preceding calendar year.

2. Before the close of the regional taxicab commission's first fiscal year and at the close of each fiscal year thereafter, the chief executives of the city and the county shall appoint one or more certified public accountants who shall annually examine the books, papers, documents, accounts, and vouchers of the commission, and who shall report thereon to the chief executives of the city and the county and to the regional taxicab commission. The commission shall produce and submit for examination all books, papers, documents, accounts, and vouchers, and shall in every way assist such certified public accountants in the performance of their duties pursuant to this section.”; and

Further amend the title and enacting clause accordingly.

*Senate Amendment No. 1*

AMEND Senate Substitute for House Bill No. 1748, Page 1, Section A, Line 6 of said page, by inserting immediately after said line the following:

“247.030. 1. Territory that may be included in a district sought to be incorporated or enlarged may be wholly within one or in more than one county, may take in school districts or parts thereof, and cities that do not have a waterworks system or cities whose governing body has by a majority vote requested that the city or part thereof be included within the boundaries of a public water supply district. For the purpose of this section, “city” means any city, town or village. The territory, however, shall be contiguous, and proceedings to incorporate shall be in the circuit court of the county in which the largest acreage is located. No two districts shall overlap.

2. Any two or more contiguous districts or any city and a contiguous district may, if there are no outstanding general obligation bonds relating to drinking water supply projects in either entity, by a majority vote of the governing body of each entity, provide for territory located in one entity to be annexed and served by the entity contiguous to the annexed territory. Notice of the proposed annexation shall be filed with the circuit court that originally issued the decree of incorporation for a district which is detaching territory through the proposed annexation or with the circuit court that originally issued the decree of incorporation for a district which is including a city or part thereof through the proposed annexation. The court shall set a date for a hearing on the proposed annexation and shall cause notice to be published in the same manner as for the filing of the original petition for incorporation; except that publication of notice shall not be required if a majority of the landowners in the territory proposed to be annexed consent in writing, and if notice of the hearing is posted in three public places within the territory proposed to be annexed at least seven days before the date of the hearing. If publication of the notice is not required pursuant to this section, the court shall only approve the proposed annexation if there is sworn testimony by at least five landowners in the area of the proposed annexation, or a majority of the landowners, if there are fewer than ten landowners in the area. If the court, after the hearing, finds that the proposed annexation would not be in the public interest, it shall order that the annexation not be allowed. If the court finds the proposed annexation to be in the public interest, it shall approve the annexation and the territory shall be detached from the one entity and annexed to the other. After the annexation is approved, the circuit court in which each district involved in the proceedings was incorporated shall amend the decree of incorporation for each district to reflect the change in the boundaries as a result of the annexation and to redivide each district into five subdistricts, fixing their boundary lines so that each of the five subdistricts have approximately the same area. A certified copy of the amended decree showing the boundary change and the new subdistricts shall be filed in the office of the recorder of deeds and in the office of the county clerk in each county having territory in the district and in the office of the secretary of state of the state of Missouri.

3. The boundaries of any district may be extended or enlarged from time to time upon the filing, with the clerk of the circuit court having jurisdiction, of a petition by either:

(1) The board of directors of the district and five or more voters **or landowners** within the territory proposed to be annexed by the district; or

(2) **The board of directors of the district and** a majority of the landowners within the territory proposed to be annexed to the district.

**If the petition is filed by the board of directors of the district and five or more voters or landowners within the territory proposed to be annexed by the district, the same proceedings shall be followed as are provided in section 247.040 for the filing of a petition for the organization of the district, except that no election shall be held. Upon entry of a final order declaring the court's decree of annexation to be final and conclusive, the court shall modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable.** If the petition is filed by **the board of directors of the district and** a majority of the landowners within the territory proposed to be annexed, the publication of notice shall not be required, provided notice is posted in three public places within the territory proposed to be annexed at least seven days before the date of the hearing and provided that there is sworn testimony by at least five landowners in the territory proposed to be annexed, or a majority of the landowners if the total landowners in the area are fewer than ten. **If the court finds that the annexation of such territory would be in the public interest, the court shall enter its order granting such annexation.** Upon the entry of [a final] **such** order [declaring the court's decree of annexation to be final and conclusive], the court shall modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable. The costs incurred in the enlargement or extension of the district shall be taxed to the district, if the district be enlarged or extended, otherwise against the petitioners; provided, however, that no costs shall be taxed to the directors of the district.

4. Should any [voter] **landowner** who owns real estate that abuts upon a district once formed desire to have such real estate incorporated in the district, the [voter] **landowner** shall first petition the board of directors thereof for its approval. If such approval be granted, the clerk of the board shall endorse a certificate of the fact of approval by the board upon the petition. The petition so endorsed shall be filed with the clerk of the circuit court in which the district is incorporated. It shall then be the duty of the court to amend the boundaries of such district by a decree incorporating the real estate in the same. A certified copy of this decree including the real estate in the district shall then be filed in the office of the recorder and in the office of the county clerk of the county in which the real estate is located, and in the office of the secretary of state. The costs of this proceeding shall be borne by the petitioning property owner.

247.031. 1. Territory included in a district that is not being served by such district may be detached from such district provided that there are no outstanding general obligation or special obligation bonds and no contractual obligations of greater than twenty-five thousand dollars for debt that pertains to infrastructure, fixed assets or obligations

for the purchase of water. If any such bonds or debt is outstanding, and the written consent of the holders of such bonds or the creditors to such debt is obtained, then such territory may be detached in spite of the existence of such bonds or debt, except such consent shall not be required for special obligation bonds if the district has no water lines or other facilities located within any of the territory detached. Detachment may be made by the filing of a petition with the circuit court in which the district was incorporated. The petition shall contain a description of the tract to be detached and a statement that the detachment is in the best interest of the district or the inhabitants and property owners of the territory to be detached, together with the facts supporting such allegation. The petition may be submitted by the district acting through its board of directors, in which case the petition shall be signed by a majority of the board of directors of the district. The petition may also be submitted by voters residing in **or by landowners owning land in** the territory sought to be detached. If there are more than ten voters **and landowners** in such territory, the petition shall be signed by five or more voters [residing in] **or landowners within** the territory; if there are less than ten voters [residing in] **and landowners within** such territory, the petition shall be signed by fifty percent or more of the voters [residing in] **and landowners within** the territory. In the event there are no voters living within such territory proposed to be detached, then the petition may be submitted by owners of more than fifty percent of the land in the territory proposed to be detached, in which case said petition shall be signed by the owners so submitting the petition.

2. Such petition shall be filed in the circuit court having jurisdiction and the court shall set a date for hearing on the proposed detachment and the clerk shall give notice thereof in three consecutive issues of a weekly newspaper in each county in which any portion of the territory proposed to be detached lies, or in lieu thereof, in [twenty consecutive issues of] a daily newspaper in each county in which any portion of the tract proposed to be detached lies; the last insertion of the notice to be made not less than seven nor more than twenty-one days before the hearing. Such notice shall be substantially as follows:

2. That a hearing on said petition will be held before this court on the ..... day of ....., 20 ..., at ....., ....m.

3. Exceptions or objections to the detachment of said tracts from said public water supply district may be made by any voter or landowner of land within the district from which territory is sought to be detached, provided such exceptions or objections are in writing not less than five days prior to the date set for hearing on the petition.

4. The names and addresses of the attorneys for the petitioner are:

.....  
Clerk of the Circuit Court of  
..... County, Missouri

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

4. Exceptions or objections to the detachment of such territory may be made by any voter or landowner within the boundaries of the district, including the territory to be detached. The exceptions or objections shall be in writing and shall specify the grounds upon which they are made and shall be filed not later than five days before the date set for hearing the petition. If any such exceptions or objections are filed, the court shall take them into consideration when considering the petition for detachment and the evidence in support of detachment. If the court finds that the detachment will be in the best interest of the district and the inhabitants and landowners of the area to be detached will not be adversely affected or if the court finds that the detachment will be in the best interest of the inhabitants and landowners of the territory to be detached and will not adversely affect the remainder of the district, it shall approve the detachment and grant the petition.

5. If the court approves the detachment, it shall make its order detaching the territory described in the petition from the remainder of the district, or in the event it shall find that only a portion of said territory should be detached, the court shall order such portion detached from the district. The court shall also make any changes in subdistrict boundary lines it deems necessary to meet the requirements of sections 247.010 to 247.220. Any subdistrict line

changes shall not become effective until the next annual election of a member of the board of directors

6. A certified copy of the court's order shall be filed in the office of the recorder and in the office of the county clerk in each county in which any of the territory of the district prior to detachment is located, and in the office of the secretary of state. Costs of the proceeding shall be borne by the petitioner or petitioners.”; and

Further amend said bill, Pages 1 to 6, Section 247.040, by striking all of said section and inserting in lieu thereof the following:

“247.040. 1. Proceedings for the formation of a public water supply district shall be substantially as follows: a petition in duplicate describing the proposed boundaries of the district sought to be formed, accompanied by a plat of the proposed district, shall be filed with the clerk of the circuit court of the county wherein the proposed district is situate, or with the clerk of the circuit court of the county having the largest acreage proposed to be included in the proposed district, in the event that the proposed district embraces lands in more than one county. Such petition, in addition to such boundary description, shall set forth an estimate of the number of customers of the proposed district, the necessity for the formation of the district, the probable cost of the improvement, an approximation of the assessed valuation of taxable property within the district and such other information as may be useful to the court in determining whether or not the petition should be granted and a decree of incorporation entered. Such petition shall be accompanied by a cash deposit of fifty dollars as an advancement of the costs of the proceeding, and the petition shall be signed by not less than fifty voters **or owners of real property** within the proposed district and shall pray for the incorporation of the territory therein described into a public water supply district. The petition shall be verified by at least one of the signers thereof.

2. Upon the filing of the petition, the same shall be presented to the circuit court, and such court shall fix a date for a hearing on such petition, as herein provided for. Thereupon the clerk of the court shall give notice of the filing of the petition in some newspaper of general circulation in the county in which the proceedings are pending, and if the district extends into any other county or counties, such notice shall also be published in some newspaper of general circulation in such other county or counties. The notice shall contain a description of the proposed boundary lines of the district and the general purposes of the petition, and shall set forth the date fixed for the hearing on the petition, which shall not be less than [fifteen] **seven** nor more than twenty-one days after the date of the last publication of the notice and shall be on some regular judicial day of the court wherein the petition is pending. Such notice shall be signed by the clerk of the circuit court and shall be published in three successive issues of a weekly newspaper or in [twenty successive issues of] a daily newspaper **once a week for three consecutive weeks**.

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

4. Exceptions to the formation of a district, or to the boundaries outlined in the petition for the incorporation thereof, may be made by any voter **or owner of real property in** the proposed district; provided, such exceptions are filed not less than five days prior to the date set for the hearing on the petition. Such exceptions shall specify the grounds upon which the exceptions are being made.

If any such exceptions be filed, the court shall take them into consideration in passing upon the petition and shall also consider the evidence in support of the petition and in support of the exceptions made. Should the court find that the petition should be granted but that changes should be made in the boundary lines, it shall make such changes in the boundary lines as set forth in the petition as to the court may seem meet and proper, and thereupon enter its decree of incorporation, with such boundaries as changed.

5. Should the court find that it would not be to the public interest to form such a district, the petition shall be dismissed at the costs of the petitioners. If, however, the court should find in favor of the formation of such district, the court shall enter its decree of incorporation, setting forth the boundaries of the proposed district as determined by the court pursuant to the aforesaid hearing. The decree of incorporation shall also divide the district into five subdistricts and shall fix their boundary lines, all of which subdistricts shall have approximately the same area and shall be numbered. The decree shall further contain an appointment of one voter from each of such subdistricts, to constitute the first board of directors of the district. No two members of such board so appointed or hereafter elected or appointed shall reside in the same subdistrict, except as provided in section 247.060. If no qualified person who lives in the subdistrict is willing to serve on the board, the court may appoint, or the voters may elect, an otherwise qualified person who lives in the district but not in the subdistrict. The court shall designate two of such directors so appointed to serve for a term of two years and one to serve for a term of one year. And the directors thus appointed by the court shall serve for the terms thus designated and until their successors shall have been appointed or elected as herein provided. The

decree shall further designate the name and number of the district by which it shall hereafter be officially known.

6. The decree of incorporation shall not become final and conclusive until it shall have been submitted to the voters residing within the boundaries described in such decree and until it shall have been assented to by a majority of the voters as provided in subsection 9 of this section or by two-thirds of the voters of the district voting on the proposition. The decree shall provide for the submission of the question and shall fix the date thereof. The returns shall be certified by the judges and clerks of election to the circuit court having jurisdiction in the case and the court shall thereupon enter its order canvassing the returns and declaring the result of such election.

7. If, upon canvass and declaration, it is found and determined that the question shall have been assented to by a majority of two-thirds of the voters of the district voting on such proposition, then the court shall, in such order declaring the result of the election, enter a further order declaring the decree of incorporation to be final and conclusive. In the event, however, that the court should find that the question had not been assented to by the majority above required, the court shall enter a further order declaring such decree of incorporation to be void and of no effect. No appeal shall lie from any such decree of incorporation nor from any of the aforesaid orders. In the event that the court declares the decree of incorporation to be final, as herein provided for, the clerk of the circuit court shall file certified copies of such decree of incorporation and of such final order with the secretary of state of the state of Missouri, and with the recorder of deeds of the county or counties in which the district is situate and with the clerk of the county commission of the county or counties in which the district is situate.

8. The costs incurred in the formation of the district shall be taxed to the district, if the district be incorporated otherwise against the petitioners.

9. If petitioners seeking formation of a public water supply district specify in their petition that the district to be organized shall be organized without authority to issue general obligation bonds, then the decrees relating to the formation of the district shall recite that the district shall not have authority to issue general obligation bonds and the vote required for such a decree of incorporation to become final and conclusive shall be a simple majority of the voters of the district voting on such proposition.”; and

Further amend said bill, Page 6, Section 247.040, Line 12 of said page, by inserting after all of said line the following:

“247.217. 1. Any two or more contiguous public water supply districts organized under the provisions of sections 247.010 to 247.220 may be consolidated into a single district by a decree of the circuit court in which the district with the largest acreage was originally incorporated and organized.

2. Proceedings for consolidation of such districts shall be substantially as follows: The board of directors of each of the districts to be consolidated shall authorize, by resolution passed at a regular meeting or a special meeting called for such purpose, its president, on behalf of the district, to petition the circuit court having jurisdiction for consolidation with any one or more other contiguous public water supply districts.

(Additional districts may be named as required.)

To all voters, **landowners, and interested persons** within the boundaries of the above-described public water supply districts:

You are hereby notified:

1. That a petition has been filed in this court for the consolidation of the above-named public water supply districts into one public water supply district, as provided by law.

2. That a hearing on said petition will be held before this court on the..... day of....., [19] **20**...., at....., ....m.

3. Exceptions or objections to the consolidation of said districts may be made by any voters **or landowners** of

4. The names and addresses of the attorneys for the petitioner are:

5. The notice shall be published in three consecutive issues of a weekly newspaper in each county in which any portion of any district proposed to be consolidated lies, or in lieu thereof, in twenty consecutive issues of a daily newspaper in each county in which any portion of any district proposed to be consolidated lies; the last insertion of such notice to be made not less than seven nor more than twenty-one days before the hearing.

6. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

7. Exceptions or objections to the consolidation of such districts may be made by any voter **or landowner** within the boundaries of the proposed district. The exceptions or objections shall be in writing and shall specify the grounds upon which the same are made and shall be filed not later than five days before the date set for hearing the petition. If any such exceptions or objections are filed, the court shall take them into consideration in passing upon the petition for consolidation and shall also consider the evidence in support of the petition. If the court finds that the consolidation will provide for the rendering of necessary water service in the districts, and is in the best interest of the voters **and the landowners** of the district, it shall, by its decree, approve such consolidation. The decree of consolidation shall set an effective date for the consolidation of the districts and shall provide that the proposed consolidated district shall be divided into five subdistricts and shall fix boundary lines of each subdistrict, all of which subdistricts shall have approximately the same area and shall be numbered.

8. The decree of consolidation shall not become final and conclusive until it has been submitted to voters in each of the districts proposed to be included in the consolidated district.

9. If, upon canvass and declaration of the results, it is found and determined that the question has been assented to by a majority of the voters of each district voting on the question, the court shall issue its order declaring the results of the elections, declaring its previous decree of consolidation to be final and conclusive, and in addition, the decree shall provide for an election of a director from each of the subdistricts set forth in the decree of the court as specified in subsection 7 of this section. The terms of office for the directors elected at such election shall be as follows: The director elected from the subdistrict designated by the circuit court as number one shall serve until the next regular election, or until his successor has been elected and qualified; those directors elected from the subdistricts designated by the circuit court as numbers two and three shall serve until the regular election following the next regular election or until their successors have been elected and qualified; those directors elected from the subdistricts designated by the circuit court as numbers four and five shall serve until the annual regular election following the next two regular elections, or until their successors have been elected and qualified. Thereafter all directors shall be elected as provided by sections 247.010 to 247.220. The election shall be held at least thirty days before the effective date of the consolidation. The returns shall be certified by the judges and clerks of election to the circuit court having jurisdiction and the court shall thereupon enter its order naming the directors from each subdistrict.

10. The eligibility and requirements for a director for a consolidated district shall be identical with those set forth in section 247.060 and no two members of the board shall reside in the same subdistrict. Any candidate shall have his name imprinted upon the ballot, provided he shall file a declaration of intention to become such a candidate with the clerk of the circuit court.

11. In its final decree, the court shall designate a name for the consolidated district which shall be as follows: Consolidated Public Water Supply District No. ...., of..... County, Missouri.

12. On the effective date of the consolidation of the districts, the newly elected directors shall organize in the same manner as is provided in sections 247.010 to 247.220, and all of such provisions shall apply to consolidated public water supply districts in the same manner as to other public water supply districts.

13. At the time of the effective date of the consolidation, all the property of the original districts shall be combined and administered as one unit, which shall be subject to the liens, liabilities and obligations of the original districts, provided that if any district included in the consolidated district has issued general obligation bonds which are outstanding at the time of the consolidation, any taxes to be levied to pay the bonds and interest thereon shall be levied only upon the property within the original district issuing the bonds as it existed on the date of such issuance. All special obligation or revenue bonds issued by any district included in the consolidated district shall be paid in accordance with the terms thereof, without preference, from the revenue received by the consolidated district.

14. A certified copy of the decrees of the court shall be filed in the office of the recorder and in the office of the county clerk in each county in which any part of the consolidated district is located, and in the office of the secretary of state. Such copies shall be filed by the clerk of the circuit court and the filing fees shall be taxed as costs.

247.220. 1. Proceedings for the dissolution of a public water supply district shall be substantially the same as proceedings for the formation of such a district, as follows: A petition describing the boundaries of the district sought to be dissolved shall be filed with the clerk of the circuit court of the county wherein the subject district is situate, or with the clerk of the circuit court of the county having the largest acreage within the boundaries of the subject district, in the event that the subject district embraces lands in more than one county. Such petition, in addition to such boundary description, shall allege that further operation of the subject district is inimicable to the best interests of the inhabitants of the district, that the district should, in the interest of the public welfare and safety, be dissolved, that an alternative water supplier is available and better able to supply water to the inhabitants of the district, and such other information as may be useful to the court in determining whether [or not] the petition should be granted and a decree of dissolution entered. Such petition shall **also include a detailed plan for payment of all debt and obligations of the district at the time of dissolution. Such petition shall** be accompanied by a cash deposit of fifty dollars as an advancement of the costs of the proceeding and the petition shall be signed by not less than one-fifth of the registered voters from each subdistrict, or fifty registered voters from each subdistrict, whichever is less, within the subject district. The petition shall be verified by at least one of the signers thereof **and shall be served upon the board of directors of the district as provided by law. The district shall be a party, and if the board of directors in its discretion determines that such dissolution is not in the public interest, the district shall oppose such petition and pay all cost and expense thereof.**

2. Upon the filing of the petition, the same shall be presented to the circuit court, and such court shall fix a date for a hearing on such petition, as provided in this section. Thereupon, the clerk of the court shall give notice of the filing of the petition in some newspaper of general circulation in the county in which the proceedings are pending, and if the district extends into any other county or counties, such notice shall also be published in some newspaper of general circulation in such other county or counties. The notice shall contain a description of the subject boundary lines of the district and the general purposes of the petition, and shall set forth the date fixed for the hearing on the petition, which shall not be less than [fifteen] **seven** nor more than twenty-one days after the date of the last publication of the notice and shall be on some regular judicial day of the court wherein the petition is pending. Such notice shall be signed by the clerk of the circuit court and shall be published in three successive issues of a weekly newspaper or in twenty successive issues of a daily newspaper.

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

4. Exceptions to the dissolution of a district may be made by any voter **or landowner** of the [subject] district[.], **and by the district as herein** provided[.]; such exceptions [are] **shall be** filed not less than five days prior to the date set for the hearing on the petition. Such exceptions shall specify the grounds upon which the exceptions are filed and the court shall take them into consideration in passing upon the petition and shall also consider the evidence in support of the petition and in support of the exceptions made. **Unless petitioners prove that all debts and financial obligations of the district can be paid in full upon dissolution, the petition shall be dismissed at the cost of the petitioners.**

5. Should the court find that it would not be to the public interest to dissolve a district, the petition shall be dismissed at the costs of the petitioners. If, however, the court should find in favor of the petitioners, the court shall enter its interlocutory decree of dissolution which decree shall provide for the submission of the question to the voters of the district in substantially the following form:

Shall .... Public Water Supply District be dissolved?

6. The decree of dissolution shall not become final and conclusive until it shall have been submitted to the voters residing within the boundaries described in such decree and until it shall have been assented to by a majority of [four-sevenths] **two-thirds** of the voters of the district voting on the proposition. The decree shall provide for the submission of the question and shall fix the date thereof. The returns shall be certified by the election authority to the circuit court having jurisdiction in the case and the court shall thereupon enter its order canvassing the returns and declaring the result of such election.

7. If, upon canvass and declaration, it is found and determined that the question shall have been assented to by a majority of [four-sevenths] **two-thirds** of the voters of the district voting on such proposition then the court shall, in such order declaring the result of the election, enter a further order declaring the decree of dissolution to be final and conclusive. In the event, however, that the court should find that the question had not been assented to by the majority

required, the court shall enter a further order declaring such decree of dissolution to be void and of no effect. No appeal shall lie from any of the aforesaid orders. In the event that the court declares the decree of dissolution to be final, as provided in this section, the clerk of the circuit court shall file certified copies of such decree of dissolution and of such final order with the secretary of state of the state of Missouri, and with the recorder of deeds of the county or counties in which the district is situate and with the clerk of the county commission of the county or counties in which the district is situate.

8. Notwithstanding anything in this section to the contrary, no district shall be dissolved until after all of its debts shall have been paid, and the court, in its decree of dissolution, shall provide for the disposition of the property of the district.”; and

Further amend the title and enacting clause accordingly.

- (b) Include state, federal and local income or excise taxes applicable to such income;
- (2) "Commission", shall refer to the Missouri public service commission;
- (3) "ISRC", infrastructure system replacement charge;
- (4) "ISRC costs", depreciation expense and appropriate pretax revenues associated with eligible infrastructure system replacements;
- (5) "ISRC revenues", revenues produced through an ISRC exclusive of revenues from all other rates and charges;
- (6) "Eligible infrastructure system replacements", new water utility plant projects that are used and useful and that:

  - (b) Are in service;
  - (c) Were not included in the water corporation's rate base in its most recent general rate case; and
  - (d) Replace an existing infrastructure;
- (7) "Water corporation", includes every corporation, company, association, joint stock company or association, partnership and person, their lessees, trustees or receivers appointed by any court whatsoever, owning, operating, controlling or managing any plant or property, dam or water supply, canal, or power station, distributing or selling for distribution, or selling or supplying for gain any water as defined in section 386.020, RSMo.

2. Immediately upon effectuation of this statute, a water corporation providing water service in a county of the first classification having a population of over nine hundred thousand inhabitants may file a petition with the commission to establish or change ISRC rate schedules that will allow for the adjustment of the water corporation's rates and charges per a separate line billing item to provide for the recovery of prudently incurred ISRC costs for eligible infrastructure system replacements. This charge shall not apply to those customers classified as "industrial" by the public service commission. The commission may not approve an ISRC to the extent it would produce total ISRC revenues exceeding ten percent of the water corporation's base revenue level approved by the commission in the water corporation's most recent general rate proceeding. 2. (1) When a petition is filed pursuant to sections 393.1012 to 393.1014, the commission shall conduct an examination of the proposed rate.

(2) The staff of the commission may examine information of the water corporation to confirm that the underlying costs are in accordance with this section, to confirm proper calculation of the proposed charge, and may submit a report to the commission not later than sixty days after the petition is filed.

(3) The commission may hold a hearing and shall issue an order not later than one hundred twenty days after the petition is filed.

(4) If the commission finds that a petition complies with the requirements of this section, the commission shall enter an order authorizing the corporation to impose a charge that is sufficient to recover appropriate pretax revenue and depreciation, as determined by the commission pursuant to the provisions of this section; provided that the commission shall only allow charges to apply to customers receiving a benefit or shall prorate the charge according to the benefit received by the customers.

3. A water corporation may file a petition for a change in its rate under this section no more often than one time every twelve months.

4. In determining the appropriate pretax revenue, the commission may consider the following factors:

- (1) The current state, federal and local income tax or excise rates;
- (2) The water corporation's actual regulatory capital structure as determined at the most recent general rate proceeding of the water corporation;
- (3) The actual cost rates for the water corporation's debt and preferred stock as determined at the most recent general rate proceeding of the water corporation;
- (4) The water corporation's cost of common equity as determined at the most recent general rate proceeding of the water corporation.

5. The charge may be calculated based on a reasonable estimate of revenues in the period in which the charge will be in effect. At the end of each twelve month calendar period the charge is in effect, the water

corporation shall reconcile the differences between the revenues resulting from the charge and the underlying costs during that period and shall submit the reconciliation and adjustment to the commission for approval to recover or refund the difference, as appropriate, through adjustment of the charge.

6. A water corporation that has implemented a charge pursuant to section 393.1012 shall file revised rate schedules to adjust the charge when new base rates and charges become effective for the water corporation following a commission order authorizing a general increase in rates and charges that includes in the utility's rate base eligible costs previously reflected in the charge.

7. The filing of a charge pursuant to this section and a change in such charge is not a general increase in base rates and charges.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SEVENTY-SECOND DAY, WEDNESDAY, MAY 15, 2002

Speaker Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Gracious God, as we bow our heads in prayer, help us to open our hearts to Your Spirit. In Your Holy presence, we are mindful of duties unperformed, promptings disobeyed, and Your truth ignored. Opportunities to make a difference are before us. Possibilities for doing good are present.

Bless these men and women of the House, as they confer, discuss, deal with pressures, and make decisions this day for the people of Missouri. Protect them from selfishness and narrow vision, prepare them for the day with the gift of Your peace.

To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jody Gerth, Danton Clark, Heather Feth, Maxwell Ryan, Jenna Bezzole, Gregory Weidhas, Michael Figus, Sonya Liu, Kaela Nichols, Zach Cayer, Emma Hawksley, Benjamin Knarr, Christina Sherwood, Aaron Arnold, Paige Kamp, Lauren Riley Smith and Zachary Schwab.

AMEND House Substitute for House Committee Substitute for Senate Bill No. 856, by inserting in the appropriate location the following:

"99.805. As used in sections 99.800 to [99.865] **99.873**, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding

personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

(6) "Gambling establishment", an excursion gambling boat as defined in section 313.800, RSMo, and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850, RSMo. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

**(7) "High unemployment", unemployment in the census block group or contiguous group of block groups in which the redevelopment project is located of at least one and one-half times that of the metropolitan statistical area in which the area is located or, one and one-half times the unemployment rate of nonmetropolitan counties if the area is not located in a metropolitan statistical area;**

**(8) "Low fiscal capacity", per capita assessed valuation of property in the municipality of less than sixty percent of the entire county in which it is located, or, in unincorporated areas, when the per capita assessed valuation of property in the school district is less than sixty percent of the entire county in which it is located;**

**(9) "Moderate income", either a Missouri municipality within a metropolitan statistical area which has a population of at least one thousand five hundred and median household income of under ninety percent of the median household income for the metropolitan statistical area, according to the last decennial census, or a United States census block group or contiguous group of block groups within a metropolitan statistical area which has a population of at least one thousand five hundred, and each block group having a median household income of under ninety percent of the median household income for the metropolitan area in Missouri, according to the last decennial census. In addition, the definition shall include municipalities not within a metropolitan statistical area, with a median household income of under ninety percent of the median household income for the nonmetropolitan areas in Missouri according to the last decennial census or a census block group or contiguous group of block groups which has a population of at least one thousand five hundred, and each block group having a median household income of under ninety percent of the median household income for the nonmetropolitan areas of Missouri, according to the last decennial census;**

[(7)] **(10) "Municipality", a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, "municipality" applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;**

[(8)] **(11) "Obligations", bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;**

[(9)] **(12) "Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;**

[(10)] **(13) "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;**

[(11)] **(14)** "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, RSMo, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(12)] **(15)** "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(13)] **(16)** "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

[(14)] **(17)** "Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

- (a) Costs of studies, surveys, plans, and specifications;
- (b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;
- (c) Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;
- (d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;
- (e) Initial costs for an economic development area;
- (f) Costs of construction of public works or improvements;
- (g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;
- (h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;
- (i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;
- (j) Payments in lieu of taxes;

**(18) "Retail", any establishment possessing a retail sales license and responsible for the collection of sales taxes pursuant to the provisions of section 144.080, RSMo;**

**(19) "Retail redevelopment project", any development project within a redevelopment area, as defined in this section, where more than thirty-three percent of the total estimated redevelopment project costs are devoted to the construction, reconstruction, or expansion of retail establishments or of privately-owned infrastructure or facilities ancillary to sales at retail;**

[(15)] **(20)** "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

[(16)] **(21)** "Taxing districts", any political subdivision of this state having the power to levy taxes;

[(17)] **(22)** "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; [and]

[(18)] **(23)** "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs,

the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision [and], an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes

which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, RSMo, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, RSMo, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221, RSMo, at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to **blighted areas located in distressed communities pursuant to section 135.530, RSMo**, blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, RSMo, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(c) The estimate of the incremental increase in the general revenue portion of state sales tax revenue or the estimate for the state income tax withheld by the employer on behalf of new employees expected to fill new jobs created within the redevelopment area after redevelopment;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri; and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the aggregate annual appropriation of the new state revenues for redevelopment areas exceed fifteen million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. All personnel and other costs incurred by the department of economic development for the administration and operation of subsections 4 to 12 of this section shall be paid from the state general revenue fund. On an annual basis, the general revenue fund shall be reimbursed for the full amount of such costs by the developer or developers of the project or projects for which municipalities have made tax increment financing applications for the appropriation of new state revenues, as provided for in subdivision (1) of subsection 10 of this section. The amount of costs charged to each developer shall be based upon the percentage arrived at by dividing the monetary amount of the application made by each municipality for a particular project by the total monetary amount of all applications received by the department of economic development.

**99.866. 1. Except as provided in subsection 2 of this section, sections 99.866 to 99.872 shall apply to any city not within a county, any county with a charter form of government and with more than one million inhabitants, any county of the first classification without a charter form of government and with more than one hundred ninety-eight thousand but less than one hundred ninety-nine thousand two hundred inhabitants, any county of the third classification without a township form of government and with more than twenty-four thousand five hundred but less than twenty-four thousand six hundred inhabitants, any county with a charter form of government and with more than two hundred fifty thousand but less than three hundred fifty thousand inhabitants, any county of the first classification without a charter form of government and with more than**

ninety-three thousand eight hundred but less than ninety-three thousand nine hundred inhabitants, any county of the third classification without a township form of government and with more than thirty-eight thousand nine hundred but less than thirty-nine thousand inhabitants, any county of the fourth classification with more than fifty-five thousand six hundred but less than fifty-five thousand seven hundred inhabitants, and any county of the third classification without a township form of government and with more than seventeen thousand eight hundred but less than seventeen thousand nine hundred inhabitants.

2. Any redevelopment project consisting solely of public infrastructure improvements on public land requiring two million dollars or less in tax increment financing, wherein the bonds for such project will be paid off in seven years or less, shall be exempt from the provisions of sections 99.866 to 99.872. However, no "stringing" of projects shall be allowed. No exempt project pursuant to this section shall be combined with another exempt project pursuant to this section for a period of five years.

3. Any redevelopment project for which eligible project redevelopment costs are to be paid from that portion of the total economic activity taxes and payments in lieu of taxes imposed by the municipality only, and real or potential revenues from no other taxing jurisdictions are involved, are exempt from the provisions of sections 99.866 to 99.872.

99.867. 1. The municipality and any proposed redevelopment area shall meet the requirements of section 99.810 and this section. In addition, if the proposed redevelopment project is a retail redevelopment project, it must be in a redevelopment area where:

(1) The host municipality or, for unincorporated areas, the host school district has low fiscal capacity; or

(2) The census block group or groups, as defined in the most recent decennial census, containing the proposed redevelopment area have high unemployment; or

(3) The municipality, census block group or groups, as defined in the most recent decennial census, containing the proposed redevelopment area are characterized by moderate income.

2. Tax increment financing shall not be used for more than thirty percent of the total estimated redevelopment costs of a project unless the redevelopment is in a municipality, census block group or group of block groups with a median household income less than seventy percent of that of the metropolitan area, a distressed community as defined in section 135.530, RSMo, a federal enterprise zone or a federal empowerment zone. Tax increment financing shall not be used to develop sites in which twenty-five percent or more of the area is vacant and has not previously been developed or qualifies as "open space" pursuant to section 67.900, RSMo, or is presently being used for agricultural or horticultural purposes.

3. If the majority of the proposed redevelopment project is located in an area meeting the requirements of low fiscal capacity, high unemployment, and moderate income set forth in this section, and if such conditions are documented in an area which is contiguous to but outside of the qualifying area, and is smaller than a census block group, the contiguous area shall be added to the qualifying area.

99.870. Commencing with the first fiscal year in which any municipality receives any payments in lieu of taxes from a redevelopment project and continuing through the last fiscal year in which the municipality receives such payments, the municipality shall pay to any other taxing entities entitled to receive revenue from levies on real property in such municipality, an amount equal to twenty-five percent of the payments in lieu of taxes received by the municipality. This amount shall be divided among the other affected taxing entities on a basis that is proportional to the collections of revenue from real property in the development area to which each such taxing district is entitled during that tax year.

99.871. In addition to the requirements which may apply pursuant to section 99.810, no redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision, an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met, and a study stating that records were reviewed, inspections were made, comparisons were made, or tasks undertaken demonstrating that the property has not been developed through private enterprise over a period of time. Such a study should be signed by a responsible party in the local jurisdiction who is designated as being responsible for the study's representations. The study shall be of sufficient specificity to allow

representatives of the tax increment financing commission or the municipality, or both, to conduct investigations deemed necessary in order to confirm its findings;

(2) An economic feasibility analysis including a pro forma financial statement indicating a return on investment that may be expected without public assistance. The financial statement shall detail any assumptions made, a pro forma statement analysis demonstrating the amount of assistance required to bring the return into a range deemed attractive to private investors, which amount shall be equal to the estimated reimbursable project costs.

99.872. The municipality and the developer shall annually submit information to the department regarding an approved plan for as long as the plan is in effect. The department shall establish reporting requirements by rule promulgated pursuant to chapter 536, RSMo. The department shall submit a report to the governor and the general assembly by December thirty-first of each year. The report shall, at a minimum, identify the number and location of redevelopment areas, quantify public investment in each, and assess the public benefit derived from the redevelopment project.

However, such reimbursement shall not be less than twenty-five percent nor more than one hundred percent of the district's tax increment.

197.315. 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to [197.366] **197.367**, the committee shall notify the attorney general, and he shall apply

The applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.

The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to **the department of health and senior services for expenditures related to the operation of** the Missouri health facilities review committee.

11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.

12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.

13. In no event shall a certificate of need be denied because the applicant refuses to provide abortion services or information.

14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health **care** facility in its entirety.

15. A certificate of need may be granted to a **health care** facility for an expansion, an addition of services, a new institutional **health** service[, or for a new hospital facility] which provides for something less than that which was sought in the application.

16. The provisions of this section shall not apply to **health care** facilities operated by the state, and appropriation of funds to such facilities by the general assembly shall be deemed in compliance with this section, and such facilities shall be deemed to have received an appropriate certificate of need without payment of any fee or charge.

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the mentally retarded.

[18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility.]

197.317. 1. After July 1, 1983, no certificate of need shall be issued for the following:

(1) Additional residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility beds above the number then licensed by this state;

(3) The reallocation of intermediate care facility or skilled nursing facility beds of existing licensed beds by transfer or sale of licensed beds between a hospital licensed pursuant to this chapter or a nursing care facility licensed pursuant to chapter 198, RSMo; except for beds in counties in which there is no existing nursing care facility. No certificate of need shall be issued for the reallocation of existing residential care facility I or II, or intermediate care facilities operated exclusively for the mentally retarded to intermediate care or skilled nursing facilities or beds.

However, after January 1, 2003, nothing in this section shall prohibit the Missouri health facilities review committee from issuing a certificate of need for additional beds in existing health care facilities or for new beds in new health care facilities or for the reallocation of licensed beds, provided that no construction shall begin prior to January 1, 2004. The provisions of subsections 16 and 17 of section 197.315 shall apply to the provisions of this section.

2. The health facilities review committee shall utilize demographic data from the office of social and economic data analysis, or its successor organization, at the University of Missouri as their source of information in considering applications for new institutional long-term care facilities.

**197.318. 1. The provisions of section 197.317 shall not apply to a residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility only where the department of social services has first determined that there presently exists a need for additional beds of that classification because the average occupancy of all licensed and available residential care facility I, residential care facility II, intermediate care facility and skilled nursing facility beds exceeds ninety percent for at least four consecutive calendar quarters, in a particular county, and within a fifteen-mile radius of the proposed facility, and the facility otherwise appears to qualify for a certificate of need. The department's certification that there is no need for additional beds shall serve as the final determination and decision of the committee. In determining ninety percent occupancy, residential care facility I and II shall be one separate classification and intermediate care and skilled nursing facilities are another separate classification.**

197.326. 1. Any [person] **individual** who is paid either as part of his normal employment or as a lobbyist to support or oppose any project before the health facilities review committee shall register as a lobbyist pursuant to chapter 105, RSMo, and shall also register with the staff of the health facilities review committee for every project in which such person has an interest and indicate whether such person supports or opposes the named project. The registration shall also include the names and addresses of any person, firm, corporation or association that the person registering represents in relation to the named project. Any person violating the provisions of this subsection shall be subject to the penalties specified in section 105.478, RSMo.

2. 3. Any [person regulated by chapter 197 or 198, RSMo,] **individual who registers pursuant to subsection 1 of this section, any applicant, and any officer, attorney, agent and employee [thereof] of such individual or applicant,** shall not offer to any committee member or to any person employed as staff to the committee, any office, appointment or position, or any present, gift, entertainment or gratuity of any kind or any campaign contribution while such application is pending before the health facilities review committee. Any person guilty of knowingly violating the provisions of this section shall be punished as follows: For the first offense, such person is guilty of a class B misdemeanor; and for the second and subsequent offenses, such person is guilty of a class D felony.

197.378. The health facilities review committee for projects described in sections 197.375 to 197.397 shall:

(9) Provide for the availability, based on demonstration of need, of both medical and osteopathic facilities and services to protect the freedom of patient choice; and

(10) Failure by the committee to issue a written decision on an application for review certification within the time required by this section shall constitute approval of and the final administrative action on the application and shall be subject to appeal pursuant to section 197.387 only on the question of approval by operation of law.

197.381. 1. Any person who proposes to develop or offer a new institutional acute care service or a first-time service shall submit a letter of intent to the committee at least thirty days prior to the filing of the application unless:

- (1) The new institutional acute care service:
  - (a) Will wholly replace, within a defined and reasonable time period, an existing acute care facility owned or operated by the person who would be required to submit a letter of intent;
  - (b) Is constructed on property within the maximum permissible distance from such existing acute care facility's boundary; and
  - (c) The license of the existing acute care facility will be terminated or transferred to the new acute care facility and the new acute care facility will be licensed upon approval by the department of health and senior services;
- (2) The first-time service for which the person would otherwise be required to submit a letter of intent is the acquisition, development, or construction of a piece of equipment that:
  - (a) Is a replacement piece of equipment or an additional piece of equipment substantially similar to a piece of equipment for which a certificate of need or a review certificate has already been issued and is currently owned or operated by such person; and
  - (b) Will be placed in the same licensed location or licensed facility as the previously certified piece of equipment.

2. An application fee shall accompany each application for a review certification. The time of filing commences with the receipt of the application and the fee. The fee shall be one thousand dollars or one-tenth of one percent of the total project, whichever is greater. All application fees shall be deposited in the state treasury. The general assembly will appropriate funds to the department of health and senior services for expenditures related to the operation of the health facilities review committee.

197.384. 1. For the purpose of submitting an application for review certification, any person who proposes to develop or offer a new institutional acute care service shall obtain a review certification from the committee prior to the time such services are offered unless the new institutional acute care service:

- (1) Will wholly replace, within a defined and reasonable time period, an existing acute care facility owned or operated by the person who would be required to submit a letter of intent;
- (2) Is constructed on property within the maximum permissible distance from such existing acute care facility's boundary; and
- (3) The license of the existing acute care facility will be terminated or transferred to the new acute care facility and the new acute care facility will be licensed upon approval by the department of health and senior services.

2. Any person who proposes to develop or offer a first-time service shall obtain a review certification from the committee prior to the time such services are offered unless the first-time service for which the person would otherwise be required to submit a letter of intent is the acquisition, development, or construction of a piece of equipment that:

- (1) Is a replacement piece of equipment or an additional piece of equipment substantially similar to a piece of equipment for which a certificate of need or a review certificate has already been issued and is currently owned or operated by such person; and
- (2) Will be placed in the same licensed location or licensed facility as the previously certified piece of equipment.

Any person who proposes to replace a facility described in subdivision (1), (2), or (3) of subsection 1 of this section shall, no later than sixty days immediately prior to the date of the initiation of the construction process to begin replacement, conduct a public hearing regarding the project. Notice of hearing shall be given by publication in major newspapers of general circulation in the area to be served for four consecutive weeks prior to the hearing date. The Missouri facilities review committee shall notify all licensed acute care facilities within the service area in which the proposed new institutional acute care service is to be developed not less than thirty days prior to the hearing date.

4. Any person who proposes to add new, not previously licensed, beds to an existing hospital shall obtain

5. Any person who proposes to renovate an acute care facility in a current location whose cost is over twenty million dollars shall obtain a review certification.

6. Only those new institution acute care services or first-time services that are found by the committee to meet the health needs of the community served shall be granted a review certification.

9. Periodic reports to the committee shall be required of any applicant who has been granted a review certification until the project has been completed. The committee may order the forfeiture of the review certification upon failure of the applicant to file any such report.

10. A review certification shall be subject to forfeiture for failure to incur capital expenditures within twelve months after the date of the order. The applicant may request two extensions from the committee to avoid forfeiture. In any case, regardless of any extensions that may be granted, if after one year no capital expenditure has been made, the total statewide count of the services in question shall not reflect the units undeveloped.

11. No state agency charged by statute to license or certify acute care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed and is required to have a review certification, without first obtaining a review certification.

12. No state agency shall appropriate or grant funds to or make payment of any funds to any person or acute care facility that has not first obtained every review certification required pursuant to sections 197.375 to 197.397.

13. If any person proposes to develop any new institutional health care service without a review certification as required by sections 197.375 to 197.397, the committee shall notify the attorney general and the attorney general shall seek an injunction or apply for other appropriate legal action in any court of this state against such person.

14. In no event shall a review certification be denied because the applicant refuses to provide abortion services or information.

15. A review certification shall not be required for the transfer of ownership of an existing and operational acute care facility in its entirety or for the conversion by a hospital of mobile first-time service to a first-time service in a permanent fixed location if the hospital previously received a certificate of need or review certificate for the mobile first-time service.

16. A review certification may be granted for something less than that which was sought in the original application.

17. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a review certification shall not be required for the purchase and operation of research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficiency and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a review certification must be obtained for continued use in such facility.

18. The provisions of section 197.326 shall apply to projects described in sections 197.375 to 197.397. 197.387. Within thirty days of the decision of the committee, the applicant may file an appeal pursuant to chapter 621, RSMo. Any subsequent appeal venue shall be the circuit court in the county within which such new institutional acute care service or first-time service is proposed to be developed, or the Cole County circuit court, at the applicant's discretion.

197.390. Review certification is not required for:

(1) Acute care facilities operated by the state. Appropriation of funds to such facilities by the general assembly shall be in compliance and such facilities shall be deemed to have received an appropriate review certification without any fee or charge;

(2) Notification projects pursuant to subdivision (16) of section 197.375 or nonsubstantive projects pursuant to subdivision (15) of section 197.375; except that, any person who wishes to pursue a notification project shall notify the committee in writing advising the committee of the nature of the project, the statutory authorization for classification as a notification project, and submit a verified statement of facts in support of

such classification.

**197.393.** For the purposes of reimbursement pursuant to section 208.152, RSMo, project costs for new institutional acute care services in excess of ten percent of the initial project estimate unless approval was obtained pursuant to subsection 8 of section 197.384 shall not be eligible for reimbursement for the first three years that a facility receives payment for services provided pursuant to section 208.152, RSMo. The initial estimate shall be that amount for which the original review certificate was obtained. Reimbursement for these excess costs after the first three years shall not be made until a review certification has been granted for the excess project costs. The provisions of this section shall apply only to facilities which file an application for a review certification or make application for cost-overrun review of their original application or waiver.

**197.397.** The committee shall have the power to promulgate reasonable rules, regulations, criteria, and standards in conformity with this section and chapter 536, RSMo, to meet the objectives of sections 197.300 to 197.397 including the power to establish criteria and standards to review new types of equipment or service. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 197.300 to 197.397 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. All rulemaking authority delegated prior to August 28, 2002, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 2002, if it fully complied with all applicable provisions of the law. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

[197.311. No member of the Missouri health facilities review committee may accept a political donation from any applicant for a license.]

[197.366. The provisions of subdivision (8) of section 197.305 to the contrary notwithstanding, after December 31, 2001, the term "health care facilities" in sections 197.300 to 197.366 shall mean:

**"288.037. 1. The term "employer" shall include any Indian tribe for which service in employment as defined in section 288.034 is performed.**

**2. The term "employment" shall include service performed in the employ of an Indian tribe, as defined in Section 3306(u) of the Federal Unemployment Tax Act (FUTA), provided such service is excluded from "employment" as defined in FUTA solely by reason of Section 3306(c)(7), FUTA, and is not otherwise excluded from "employment" under this chapter. For purposes of this section, the exclusions from employment in subsection 9 of section 288.034 shall be applicable to services performed in the employ of an Indian tribe.**

**3. Benefits based on service in employment defined in this section shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter. The provisions of subsection 3 of section 288.040 pertaining to services performed at an educational institution while in the employ of an "educational service agency" shall apply to services performed in an educational institution or educational service agency wholly owned and operated by an Indian tribe or tribal unit.**

**4. (1) Indian tribes or tribal units, including subdivisions, subsidiaries, or business enterprises wholly owned by such Indian tribes, subject to this chapter shall pay contributions under the same terms and conditions as all other subject employers, unless they elect to pay into the state unemployment fund amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe. An Indian tribe and all tribal units of such Indian tribe shall be jointly and severally liable for any and all contributions, payments in lieu of contributions, interest, penalties, and surcharges owed by the Indian tribe and all tribal units of such Indian tribe.**

**(2) Indian tribes electing to make payments in lieu of contributions must make such election in the same manner and under the same conditions as provided in subsection 3 of section 288.090 pertaining to state and local governments and nonprofit organizations subject to this chapter. Indian tribes will determine if reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units. Termination of an Indian tribe's coverage pursuant to subdivision (5) of this subsection shall terminate the election of such Indian tribe and any tribal units of such Indian tribe to make payments in lieu of contributions.**

**(3) Indian tribes or tribal units will be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.**

**(4) Any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions shall be required, prior to the effective date of its election, to post with the division a surety bond issued by a corporate surety authorized to do business in Missouri in an amount equivalent to the contributions or payments in lieu of contributions for which the Indian tribe or tribal unit was liable in the last calendar year in which it accrued contributions or payments in lieu of contributions, or one hundred thousand dollars, whichever amount is the greater, to ensure prompt payment of contributions or payments in lieu of contributions, interest, penalties, and surcharges for which the Indian tribe or tribal unit may be, or becomes, jointly and severally liable pursuant to this chapter.**

**(5) Failure of the Indian tribe or tribal unit to maintain the required surety bond, including the posting of an additional surety bond or a replacement surety bond within ninety days of being directed by the division, will cause services performed for such Indian tribe to not be treated as "employment" for purposes of subsection 2 of this section.**

**(6) The director may determine that any Indian tribe that loses coverage under subdivision (5) of this subsection, may have services performed for such tribe again included as "employment" for purposes of subsection 2 of this section if all contributions, payments in lieu of contributions, penalties, and interest have been paid. Upon reinstatement of coverage under this subdivision, an Indian tribe or any tribal unit may elect, in accordance with the provisions of this subsection, to make payments in lieu of contributions.**

**(7) If an Indian tribe fails to maintain the required surety bond by posting an additional surety bond or a replacement surety bond within ninety days of being directed by the division, the director will immediately notify the United States Internal Revenue Service and the United States Department of Labor.**

**(8) Notices of surety bond deficiency to Indian tribes or their tribal units shall include information that failure to post an additional surety bond or a replacement surety bond within the prescribed time frame:**

**(a) Will cause the Indian tribe to be liable for taxes under FUTA;**

**(b) Will cause the Indian tribe to be excepted from the definition of "employer," as provided in**

subsection 1 of this section, and services in the employ of the Indian tribe, as provided in subsection 2 of this section, to be excepted from "employment".

5. (1) Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within ninety days of receipt of the bill will cause services performed for such Indian tribe to not be treated as "employment" for purposes of subsection 2 of this section.

(2) The director may determine that any Indian tribe that loses coverage under subdivision (1) of this subsection, may have services performed for such tribe again included as "employment" for purposes of subsection 2 of this section if all contributions, payments in lieu of contributions, penalties, and interest have been paid.

(3) If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within ninety days of a final notice of delinquency, the director will immediately notify the United States Internal Revenue Service and the United States Department of Labor.

6. Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information that failure to make full payment within the prescribed time frame:

(1) Will cause the Indian tribe to be liable for taxes under FUTA;

(2) Will cause the Indian tribe to be excepted from the definition of "employer", as provided in subsection 1 of this section, and services in the employ of the Indian tribe, as provided in subsection 2 of this section, to be excepted from "employment".

7. Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the federal government shall be financed in their entirety by such Indian tribe."; and

Nothing in this section shall alter, impair or otherwise affect other claims, rights or remedies

available pursuant to law.

2. The state of Missouri and any political subdivision thereof shall not be subject to civil liability pursuant to subsection 1 of this section.

**210.513. 1.** Notwithstanding the licensure exemption for residential care facilities operated by well-known religious orders or churches pursuant to subdivision (4) of subsection 1 of section 210.516, such facilities shall be inspected annually for compliance with fire and safety codes by officials of the local fire district or state fire marshal, or the state fire marshal's designee, and for compliance with health and sanitation codes by officials of the local health department or the department of health and senior services.

If after such twenty-day period the facility remains noncompliant, the department shall notify the prosecuting attorney of the county where the facility is located regarding the noncompliance.

**210.514. 1.** Any residential care facility operated by a well-known religious order or church pursuant to the exempt status recognized in subdivision (4) of subsection 1 of section 210.516 shall upon enrollment of any child provide the parent or guardian enrolling the child two copies of a notice of parental responsibility, one copy of which shall be retained in the files of the facility after the enrolling parent acknowledges, by signature, having read and accepted the information contained therein.

2. The notice of parental responsibility shall include the following:

(1) Notification that the facility is exempt as a religious organization from state licensing and therefore not inspected or supervised by the department other than as provided herein and that the facility has been inspected by those designated in section 210.513 and is complying with the fire, safety, health, and sanitation requirements of section 210.513;

(3) The staff-to-child ratios for enrolled children as required by rule of the department, the actual staff-to-child ratio for the facility, and the total number of children to be enrolled by the facility;

(4) Notification that background checks have been conducted on each individual employee of the facility. The background check shall be conducted upon employment and every two years thereafter on each individual employee of the facility. Such background check shall include a screening for child abuse or neglect through the department, and a criminal record review through the Missouri highway patrol pursuant to section 43.540, RSMo;

(5) The disciplinary philosophy and policies of the facility; and

(6) The educational philosophy and policies of the facility.

3. A copy of the notice of parental responsibility, signed by the principal operating officer of the exempt facility and the individual primarily responsible for the religious organization conducting the facility and copies of the annual fire, safety, health, and sanitation inspections shall be filed with the department five days prior to the start of operation of the facility and annually thereafter.

**210.515. 1. **Committee on Agriculture**, Chairman Berkowitz reporting:

Mr. Speaker: Your Committee on Agriculture, to which was referred **HR 1864**, begs leave to report it has examined the same and recommends that it **Do Pass**.

#### **HOUSE RESOLUTION NO. 1864**

Whereas, the world's most famous name in fast food is McDonald's, a business which was started in 1954 by Ray Kroc in San Bernardino, California; and

Whereas, Ray Kroc, the original founder of McDonald's, believed that only the best quality of products should be used in his restaurants; and

Whereas, while McDonald's uses only 100% pure beef in its hamburgers, not all of the beef in McDonald's hamburgers is 100% American beef; and

Whereas, as the nation's largest buyer of beef and with more than 28,000 restaurants worldwide, the McDonald's Corporation should return to Ray Kroc's philosophy by exclusively utilize the United States beef industry and using only 100% American beef in all its restaurants; and

Whereas, the Agricultural Marketing Act of 1946 provided the United States Department of Agriculture the authority to establish standards for the grading and classification of United States agricultural products; and

Whereas, these standards have become recognized around the world as the mark of United States excellence and quality, making the quality of beef produced in the United States second to none; and

Whereas, the United States consumers and beef producers "need a break today" and expect McDonald's, the most popular fast food chain in the nation, to utilize the best quality of beef available on the market in its hamburgers; and

Whereas, since the "Golden Arches" of McDonald's have become as American as apple pie and baseball, consumers deserve nothing less than 100% American beef in their McDonald's hamburgers:

Now, therefore, be it resolved that we, the members of the Missouri House of Representatives, Ninety-first General Assembly, urge the McDonald's Corporation to exclusively utilize the United States beef industry and use only 100% American beef in all its 28,000 restaurants around the world; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Jack M. Greenberg, Chairman and Chief Executive Officer of the McDonald's Corporation.

HR 1864, (5-15-02) - Shoemyer (9)

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SEVENTY-THIRD DAY, THURSDAY, MAY 16, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Reverend Rudy Beard.

Save this moment, Gracious God, from being only a custom or gesture. Help each one of us in this place call upon You for Your strength and guidance. You are the Great Unseen Member of this House. If we listen with the ears of faith and hope, Your truth and wisdom will inform us.

Bless these men and women of this Body. Grant them that which they will need for this day of decisions and debate. Keep them and their families in Your care and so lead them that this night they may hear Your gracious benediction, "Well done, good and faithful servant."

To You be glory and honor. Amen.

"452.377. 1. For purposes of this section and section 452.375, "relocate" or "relocation" means a change in the principal residence of a child for a period of ninety days or more, but does not include a temporary absence from the principal residence.

**2. Except as otherwise provided in subsection 3 of this section:**

(1) Notice of a proposed relocation of the residence of the child, or any party entitled to custody or visitation of the child, shall be given in writing by certified mail, return receipt requested, to any party with custody or visitation rights[. Absent exigent circumstances as determined by a court with jurisdiction, written notice shall be provided] at least sixty days in advance of the proposed relocation. The notice of the proposed relocation shall include the following information:

[(1)] (a) The intended new residence, including the specific address and mailing address, if known, and if not known, the city;

[(2)] (b) The home telephone number of the new residence, if known;

[(3)] (c) The date of the intended move or proposed relocation;

[(4)] (d) A brief statement of the specific reasons for the proposed relocation of a child, if applicable; and

[(5)] (e) A proposal for a revised schedule of custody or visitation with the child, if applicable[.

3.]; and

(2) A party required to give notice of a proposed relocation pursuant to **this** subsection [2 of this section] has a continuing duty to provide a change in or addition to the information required by this section as soon as such information becomes known.

[4. In exceptional circumstances where] **3. If any party believes circumstances that require immediate aid or action exist, including circumstances where the health or safety of any adult or child would be unreasonably placed at risk by providing the notice or disclosures required in subsection 2 of this section, the following procedure shall apply:**

(1) By January 1, 2003, the state courts administrator shall develop and adopt a uniform form for providing notice to a nonrelocating party of a proposed relocation with exigent circumstances. Such form shall be provided to each circuit clerk and shall contain, but is not limited to, the following:

(a) A description of the nature of the exigent circumstances;

(b) An estimate of the distance to the intended new resident in miles, rounded to the nearest fifty miles;

(c) Whether the relocation will change the school district of the child being relocated; and

(d) Notification to the nonrelocating party that the child may be relocated unless the party files a motion seeking an order to prevent the proposed relocation within thirty days after receipt of such notice.

**The current address and the specific intended new residence address of the relocating party shall not be provided to the nonrelocating party;**

(2) **The party believing exigent circumstances exist and the health or safety of any adult or child would be unreasonably placed at risk by providing the notice or disclosures required in subsection 2 of this section shall complete the uniform form created in subdivision (1) of this subsection and provide such limited notice to the nonrelocating party;**

(3) **If the nonrelocating party does not file a motion seeking an order to prevent the relocation within thirty days after receipt of the notice provided pursuant to this subsection, the residence of the child may be relocated immediately;**

(4) **If the nonrelocating party files a motion seeking an order to prevent the relocation within thirty days after receipt of the notice provided pursuant to this subsection, a hearing shall be held and if the court makes a finding that the health or safety of any adult or child would be unreasonably placed at risk by the disclosure of the required identifying information concerning a proposed relocation of the child, the court may order that:**

[(1)] (a) The specific residence address and telephone number of the child, parent or person, and other identifying information shall not be disclosed in the [pleadings, notice, other] documents filed in the proceeding or the

final order except for an in camera disclosure;

[(2)] (b) The notice requirements provided by this section shall be waived to the extent necessary to protect the health or safety of a child or any adult; or

[(3)] (c) Any other remedial action the court considers necessary to facilitate the legitimate needs of the parties and the best interest of the child[.];

[5.] (5) **If the court determines that the health or safety of any adult or child would not be reasonably placed at risk by the disclosure of the required identifying information concerning a proposed relocation of the child, the party shall comply with the disclosure requirements in this section.**

4. **Except as otherwise provided in subsection 3 of this section,** the court shall consider a failure to provide notice of a proposed relocation of a child **or any party entitled to custody or visitation of the child** as:

- (1) A factor in determining whether custody and visitation should be modified;
- (2) A basis for ordering the return of the child if the relocation occurs without notice; and
- (3) Sufficient cause to order the party seeking to relocate the child to pay reasonable expenses and attorneys fees incurred by the party objecting to the relocation.

[6. If the parties agree to a revised schedule of custody and visitation for the child, which includes a parenting plan, they may submit the terms of such agreement to the court with a written affidavit signed by all parties with custody or visitation assenting to the terms of the agreement, and the court may order the revised parenting plan and applicable visitation schedule without a hearing.

7.] 5. The residence of the child may be relocated sixty days after providing notice, as required by this section, unless a parent files a motion seeking an order to prevent the relocation within thirty days after receipt of such notice. Such motion shall be accompanied by an affidavit setting forth the specific factual basis supporting a prohibition of the relocation. The person seeking relocation shall file a response to the motion within fourteen days, unless extended by the court for good cause, and include a counter-affidavit setting forth the facts in support of the relocation as well as a proposed revised parenting plan for the child.

[8.] 6. If relocation of the child is proposed, a third party entitled by court order to legal custody of or visitation with a child and who is not a parent may file a cause of action to obtain a revised schedule of legal custody or visitation, but shall not prevent a relocation.

[9.] 7. The party seeking to relocate shall have the burden of proving that the proposed relocation is made in good faith and is in the best interest of the child.

[10. If relocation is permitted:

(1)] **The nonrelocating party shall provide sufficient evidence to support such party's opposition to the proposed relocation.**

8. **If the court finds that relocation is in the best interest of the child and will be permitted, the schedule of custody and visitation, including a parenting plan, shall be modified as follows:**

(1) **If the parties agree to a revised schedule of custody and visitation for the child, including a parenting plan, they may submit the terms of such agreement to the court with a written affidavit signed by all parties with custody or visitation assenting to the terms of the agreement, and the court may order the revised parenting plan and applicable visitation schedule without a hearing;**

(2) **If the parties cannot agree to a revised schedule of custody and visitation for the child, including a parenting plan, the revised parenting plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child. In the revised parenting plan:**

(a) The court shall order contact with the nonrelocating party including custody or visitation and telephone access sufficient to assure that the child has frequent, continuing and meaningful contact with the nonrelocating party unless the child's best interest warrants otherwise; and

[(2)] (b) The court shall specify how the transportation costs will be allocated between the parties and adjust the child support, as appropriate, considering the costs of transportation.

[11.] 9. After August 28, 1998, every court order establishing or modifying custody or visitation shall include the following language: "[Absent exigent circumstances as determined by a court with jurisdiction] **Unless limited notice is provided pursuant to subsection 3 of section 452.377, RSMo, and a court with jurisdiction determines that exigent circumstances exist, including circumstances where the health or safety of any adult or child would be unreasonably placed at risk by such notice or disclosure,** you, as a party to this action, are ordered to notify, in writing by certified mail, return receipt requested, and at least sixty days prior to the proposed relocation, each party to this action of **your relocation or** any proposed relocation of the principal residence of the child, including the following information:

- (1) The intended new residence, including the specific address and mailing address, if known, and if not known, the city;
- (2) The home telephone number of the new residence, if known;
- (3) The date of the intended move or proposed relocation;
- (4) A brief statement of the specific reasons for the proposed relocation of the child; and
- (5) A proposal for a revised schedule of custody or visitation with the child.

Your obligation to provide this information to each party continues as long as you or any other party by virtue of this order is entitled to custody of a child covered by this order. Your failure to obey the order of this court regarding the proposed relocation may result in further litigation to enforce such order, including contempt of court. In addition, your failure to notify a party of a relocation of the child may be considered in a proceeding to modify custody or visitation with the child. Reasonable costs and attorney fees may be assessed against you if you fail to give the required notice."

[12.] **10. Except as otherwise provided in subsection 3 of this section,** violation of the provisions of this section or a court order under this section may be deemed a change of circumstance under section 452.410, allowing the court to modify the prior custody decree. In addition, the court may utilize any and all powers relating to contempt conferred on it by law or rule of the Missouri supreme court.

[13.] **11.** Any party who objects in good faith to the relocation of a child's principal residence shall not be ordered to pay the costs and attorney's fees of the party seeking to relocate."; and

AMEND House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 923, 828, 876, 694 & 736, Page 14, Section 210.001, Line 10 of said page, by inserting immediately after said line the following:

“210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, **minister as provided by Section 352.400, RSMo**, Christian Science practitioner, peace officer or law enforcement official, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report or cause a report to be made to the division in accordance with the provisions of sections 210.109 to 210.183. As used in this section, the term "abuse" is not limited to abuse inflicted by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. Whenever such person is required to report pursuant to sections 210.109 to 210.183 in an official capacity

as a staff member of a medical institution, school facility, or other agency, whether public or private, the person in charge or a designated agent shall be notified immediately. The person in charge or a designated agent shall then become responsible for immediately making or causing such report to be made to the division. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does not receive specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child, for that reason alone, shall not be found to be an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report. Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

4. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

5. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452, RSMo, and shall report the findings to the child fatality review panel established pursuant to section 210.192.

6. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting or causing a report to be made to the division.

7. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri division of family services, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the Missouri division of family services.”; and

Further amend said bill, Page 59, Section 294.141, Line 21 of said page, by inserting immediately after said line the following:

**“352.400. 1. As used in this section, the following words and phrases shall mean:**

**(1) “Abuse”, any physical injury, sexual abuse, or emotional abuse, injury or harm to a child under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo;**

**(2) “Child”, any person regardless of physical or mental condition, under eighteen years of age;**

**(3) “Minister”, any person while practicing as a minister of the gospel, clergyperson, priest, rabbi, or other person serving in a similar capacity for any religious organization who is responsible for or who has supervisory authority over one who is responsible for the care, custody, and control of a child or has access to a child.**

**(4) “Neglect”, failure to provide the proper or necessary support or services by those responsible for the care, custody, and control of a child, under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo;**

**(5) “Religious organization”, any society, sect, persuasion, mission, church, parish, congregation, temple, convention or association of any of the foregoing, diocese or presbytery, or other organization, whether or not incorporated, that meets at more or less regular intervals for worship of a supreme being or higher power, or for mutual support or edification in piety or with respect to the idea that a minimum standard of behavior from the standpoint of overall morality is to be observed, or for the sharing of common religious bonds and convictions;**

(6) "Report", the communication of an allegation of abuse or neglect pursuant to sections 210.109 to 210.183, RSMo.

2. When a minister or agent designated pursuant to subsection 3 of this section has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo, the minister or designated agent shall immediately report or cause a report to be made as provided in sections 210.109 to 210.183, RSMo. Notwithstanding any other provision of this section or sections 210.109 to 210.183, RSMo, a minister shall not be required to report concerning a privileged communication made to him or her in his or her professional capacity.

3. A religious organization may designate an agent or agents required to report pursuant to sections 210.109 to 210.183, RSMo, in an official capacity on behalf of the religious organization. In the event a minister, official or staff member of a religious organization has probable cause to believe that the child has been subjected to abuse or neglect under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo, and the minister, official or staff member of the religious organization does not personally make a report pursuant to sections 210.109 to 210.183, RSMo, the designated agent of the religious organization shall be notified. The designated agent shall then become responsible for making or causing the report to be made pursuant to sections 210.109 to 210.183, RSMo. This section shall not preclude any person from reporting abuse or neglect as otherwise provided by law."; and

Further amend the title and enacting clause accordingly.

558.019. 1. This section shall not be construed to affect the powers of the governor under article IV, section 7, of the Missouri Constitution. This statute shall not affect those provisions of section 565.020, RSMo, section 558.018 or section 571.015, RSMo, which set minimum terms of sentences, or the provisions of section 559.115, RSMo, relating to probation.

2. The provisions of this section shall be applicable to all classes of felonies except those set forth in chapter 195, RSMo, and those otherwise excluded in subsection 1 of this section. For the purposes of this section, "prison commitment" means and is the receipt by the department of corrections of a defendant after sentencing. For purposes

of this section, prior prison commitments to the department of corrections shall not include commitment to a regimented discipline program established pursuant to section 217.378, RSMo. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a felony other than a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve the following minimum prison terms:

(1) If the defendant has one previous prison commitment to the department of corrections for a felony offense, the minimum prison term which the defendant must serve shall be forty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(2) If the defendant has two previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be fifty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(3) If the defendant has three or more previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be eighty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

3. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for crimes committed at or near the same time which is over seventy-five years shall be calculated to be seventy-five years.

5. For purposes of this section, the term "minimum prison term" shall mean time required to be served by the defendant before he is eligible for parole, conditional release or other early release by the department of corrections. Except that the board of probation and parole, in the case of consecutive sentences imposed at the same time pursuant to a course of conduct constituting a common scheme or plan, shall be authorized to convert consecutive sentences to concurrent sentences, when the board finds, after hearing with notice to the prosecuting or circuit attorney, that the sum of the terms results in an unreasonably excessive total term, taking into consideration all factors related to the crime or crimes committed and the sentences received by others similarly situated.

6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for defendants convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:

(a) The nature and severity of each offense;

(b) The record of prior offenses by the offender;

(c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime; and

(d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.

(4) The commission shall publish and distribute its system of recommended sentences on or before July 1, 1995. The commission shall study the implementation and use of the system of recommended sentences until July 1, 1998, and return a final report to the governor, the speaker of the house of representatives, and the president pro tem of the senate. Following the July 1, 1998, report, the commission may revise the recommended sentences every three years.

(5) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.

(6) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.

(7) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.

**7. If the imposition or execution of a sentence is suspended, the court may consider ordering restorative justice methods pursuant to section 217.777, RSMo, including any or all of the following, or any other method that the court finds just or appropriate:**

- (1) Restitution to any victim for costs incurred as a result of the offender's actions;
- (2) Offender treatment programs;
- (3) Mandatory community services;
- (4) Work release programs in local facilities; and
- (5) Community-based residential and nonresidential programs.

**8. If the imposition or execution of a sentence is suspended for a misdemeanor, in addition to the provisions of subsection 7 of this section, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to section 50.555, RSMo. Such contribution shall not exceed five hundred dollars for any course of conduct, regardless of the number of charges resulting from such conduct. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555, RSMo. County crime reduction funds shall be audited as are all other county funds.**

[7.] **9.** The provisions of this section shall apply only to offenses occurring on or after August 28, 1994.

559.021. 1. The conditions of probation shall be such as the court in its discretion deems reasonably necessary to ensure that the defendant will not again violate the law. When a defendant is placed on probation he shall be given a certificate explicitly stating the conditions on which he is being released.

2. In addition to such other authority as exists to order conditions of probation, the court may order such conditions as the court believes will serve to compensate the victim, any dependent of the victim, or society. Such conditions may include, but shall not be limited to:

- (1) Restitution to the victim or any dependent of the victim, in an amount to be determined by the judge; and
- (2) The performance of a designated amount of free work for a public or charitable purpose, or purposes, as determined by the judge.

**3. In addition to such other authority as exists to order conditions of probation, in the case of a plea of guilty or a finding of guilt, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to section 50.555, RSMo. Such contribution shall not exceed five hundred dollars for any course of conduct, regardless of the number of charges resulting from such conduct. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555, RSMo. County crime reduction funds shall be audited as are all other county funds.**

[3.] **4.** The defendant may refuse probation conditioned on the performance of free work. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. Any county, city, person, organization, or agency, or employee of a county, city, organization or agency charged with the supervision of such free work or who benefits from its performance shall be immune from any suit by the defendant or

any person deriving a cause of action from him if such cause of action arises from such supervision of performance, except for an intentional tort or gross negligence. The services performed by the defendant shall not be deemed employment within the meaning of the provisions of chapter 288, RSMo. A defendant performing services pursuant to this section shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo.

[4. ]5. The court may modify or enlarge the conditions of probation at any time prior to the expiration or termination of the probation term.

**6. The defendant may refuse probation conditioned on a payment to a county crime reduction fund. If he or she does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. A judge may order payment to a crime reduction fund only if such fund had been created prior to sentencing by ordinance or resolution of a county of the state of Missouri. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering the probationers to make payments. A defendant who fails to make a payment or payments to a county crime reduction fund may not have his probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the defendant either willfully refused to make the payment or that the defendant willfully, intentionally, and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay.”; and**

Further amend the title, enacting clause and intersectional references accordingly.

*Senate Amendment No. 3*

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1143, Page 146, Section 238.230, Line 29 of said page, by inserting after all of said line the following:

**“288.037. 1. The term “employer” shall include any Indian tribe for which service in employment as defined in section 288.034 is performed.**

**2. The term “employment” shall include service performed in the employ of an Indian tribe, as defined in Section 3306(u) of the Federal Unemployment Tax Act (FUTA), provided such service is excluded from “employment” as defined in FUTA solely by reason of Section 3306(c)(7), FUTA, and is not otherwise excluded from “employment” under this chapter. For purposes of this section, the exclusions from employment in subsection 9 of section 288.034 shall be applicable to services performed in the employ of an Indian tribe.**

**3. Benefits based on service in employment defined in this section shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter. The provisions of subsection 3 of section 288.040 pertaining to services performed at an educational institution while in the employ of an “educational service agency” shall apply to services performed in an educational institution or educational service agency wholly owned and operated by an Indian tribe or tribal unit.**

**4. (1) Indian tribes or tribal units, including subdivisions, subsidiaries, or business enterprises wholly owned by such Indian tribes, subject to this chapter shall pay contributions under the same terms and conditions as all other subject employers, unless they elect to pay into the state unemployment fund amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe. An Indian tribe and all tribal units of such Indian tribe shall be jointly and severally liable for any and all contributions, payments in lieu of contributions, interest, penalties, and surcharges owed by the Indian tribe and all tribal units of such Indian tribe.**

**(2) Indian tribes electing to make payments in lieu of contributions must make such election in the same manner and under the same conditions as provided in subsection 3 of section 288.090 pertaining to state and local governments and nonprofit organizations subject to this chapter. Indian tribes will determine if reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units. Termination of an Indian tribe’s coverage pursuant to subdivision (5) of this subsection shall terminate the election of such Indian tribe and any tribal units of such Indian tribe to**

make payments in lieu of contributions.

(3) Indian tribes or tribal units will be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.

(4) Any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions shall be required, prior to the effective date of its election, to post with the division a surety bond issued by a corporate surety authorized to do business in Missouri in an amount equivalent to the contributions or payments in lieu of contributions for which the Indian tribe or tribal unit was liable in the last calendar year in which it accrued contributions or payments in lieu of contributions, or one hundred thousand dollars, whichever amount is the greater, to ensure prompt payment of contributions or payments in lieu of contributions, interest, penalties, and surcharges for which the Indian tribe or tribal unit may be, or becomes, jointly and severally liable pursuant to this chapter.

(5) Failure of the Indian tribe or tribal unit to maintain the required surety bond, including the posting of an additional surety bond or a replacement surety bond within ninety days of being directed by the division, will cause services performed for such Indian tribe to not be treated as “employment” for purposes of subsection 2 of this section.

(6) The director may determine that any Indian tribe that loses coverage under subdivision (5) of this subsection, may have services performed for such tribe again included as “employment” for purposes of subsection 2 of this section if all contributions, payments in lieu of contributions, penalties, and interest have been paid. Upon reinstatement of coverage under this subdivision, an Indian tribe or any tribal unit may elect, in accordance with the provisions of this subsection, to make payments in lieu of contributions.

(7) If an Indian tribe fails to maintain the required surety bond by posting an additional surety bond or a replacement surety bond within ninety days of being directed by the division, the director will immediately notify the United States Internal Revenue Service and the United States Department of Labor.

(8) Notices of surety bond deficiency to Indian tribes or their tribal units shall include information that failure to post an additional surety bond or a replacement surety bond within the prescribed time frame:

- (a) Will cause the Indian tribe to be liable for taxes under FUTA;
- (b) Will cause the Indian tribe to be excepted from the definition of “employer,” as provided in subsection 1 of this section, and services in the employ of the Indian tribe, as provided in subsection 2 of this section, to be excepted from “employment”.

5. (1) Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within ninety days of receipt of the bill will cause services performed for such Indian tribe to not be treated as “employment” for purposes of subsection 2 of this section.

(2) The director may determine that any Indian tribe that loses coverage under subdivision (1) of this subsection, may have services performed for such tribe again included as “employment” for purposes of subsection 2 of this section if all contributions, payments in lieu of contributions, penalties, and interest have been paid.

(3) If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within ninety days of a final notice of delinquency, the director will immediately notify the United States Internal Revenue Service and the United States Department of Labor.

6. Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information that failure to make full payment within the prescribed time frame:

- (1) Will cause the Indian tribe to be liable for taxes under FUTA;
- (2) Will cause the Indian tribe to be excepted from the definition of “employer,” as provided in subsection 1 of this section, and services in the employ of the Indian tribe, as provided in subsection 2 of this section, to be excepted from “employment”.

7. Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the federal government shall be financed in their entirety by such Indian tribe.”; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 7

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1143, Page 1, In the Title, Line 17, by inserting after “development” the following: “, with an effective date for certain sections”; and

Further amend said bill, Page 61, Section 99.134, Line 22, by inserting after all of said line the following:

“99.805. As used in sections 99.800 to [99.865] **99.873**, unless the context clearly requires otherwise, the following terms shall mean:

(1) “Blighted area”, an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) “Collecting officer”, the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) “Conservation area”, any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) “Economic activity taxes”, the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) “Economic development area”, any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

(6) “Gambling establishment”, an excursion gambling boat as defined in section 313.800, RSMo, and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850, RSMo. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

(7) **“High unemployment”, unemployment in the census block group or contiguous group of block groups in which the redevelopment project is located of at least one and one-half times that of the metropolitan statistical area in which the area is located or, one and one-half times the unemployment rate of nonmetropolitan**

counties if the area is not located in a metropolitan statistical area;

(8) “Low fiscal capacity”, per capita assessed valuation of property in the municipality of less than sixty percent of the entire county in which it is located, or, in unincorporated areas, when the per capita assessed valuation of property in the school district is less than sixty percent of the entire county in which it is located;

(9) “Moderate income”, either a Missouri municipality within a metropolitan statistical area which has a population of at least one thousand five hundred and median household income of under ninety percent of the median household income for the metropolitan statistical area, according to the last decennial census, or a United States census block group or contiguous group of block groups within a metropolitan statistical area which has a population of at least one thousand five hundred, and each block group having a median household income of under ninety percent of the median household income for the metropolitan area in Missouri, according to the last decennial census. In addition, the definition shall include municipalities not within a metropolitan statistical area, with a median household income of under ninety percent of the median household income for the nonmetropolitan areas in Missouri according to the last decennial census or a census block group or contiguous group of block groups which has a population of at least one thousand five hundred, and each block group having a median household income of under ninety percent of the median household income for the nonmetropolitan areas of Missouri, according to the last decennial census;

[(7)] (10) “Municipality”, a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, “municipality” applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

[(8)] (11) “Obligations”, bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;

[(9)] (12) “Ordinance”, an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

[(10)] (13) “Payment in lieu of taxes”, those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(11)] (14) “Redevelopment area”, an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, RSMo, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(12)] (15) “Redevelopment plan”, the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(13)] (16) “Redevelopment project”, any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

[(14)] (17) “Redevelopment project costs” include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

- (a) Costs of studies, surveys, plans, and specifications;
- (b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;
- (c) Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;
- (d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;

- (e) Initial costs for an economic development area;
- (f) Costs of construction of public works or improvements;
- (g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;
- (h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;
- (i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;
- (j) Payments in lieu of taxes;

**(18) “Retail”, any establishment possessing a retail sales license and responsible for the collection of sales taxes pursuant to the provisions of section 144.080, RSMo;**

**(19) “Retail redevelopment project”, any development project within a redevelopment area, as defined in this section, where more than thirty-three percent of the total estimated redevelopment project costs are devoted to the construction, reconstruction, or expansion of retail establishments or of privately-owned infrastructure or facilities ancillary to sales at retail;**

[(15)] **(20)** “Special allocation fund”, the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

[(16)] **(21)** “Taxing districts”, any political subdivision of this state having the power to levy taxes;

[(17)] **(22)** “Taxing districts' capital costs”, those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; [and]

[(18)] **(23)** “Vacant land”, any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision [and], an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall

include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660,

RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, RSMo, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, RSMo, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221, RSMo, at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer

within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to **blighted areas located in distressed communities pursuant to section 135.530, RSMo**, blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, RSMo, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(c) The estimate of the incremental increase in the general revenue portion of state sales tax revenue or the estimate for the state income tax withheld by the employer on behalf of new employees expected to fill new jobs created within the redevelopment area after redevelopment;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri; and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the aggregate annual appropriation of the new state revenues for redevelopment areas exceed fifteen million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the

duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the “Missouri Supplemental Tax Increment Financing Fund”, to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. All personnel and other costs incurred by the department of economic development for the administration and operation of subsections 4 to 12 of this section shall be paid from the state general revenue fund. On an annual basis, the general revenue fund shall be reimbursed for the full amount of such costs by the developer or developers of the project or projects for which municipalities have made tax increment financing applications for the appropriation of new state revenues, as provided for in subdivision (1) of subsection 10 of this section. The amount of costs charged to each developer shall be based upon the percentage arrived at by dividing the monetary amount of the application made by each municipality for a particular project by the total monetary amount of all applications received by the department of economic development.

**99.866. 1. Except as provided in subsection 2 of this section, sections 99.866 to 99.872 shall apply to any city not within a county, any county with a charter form of government and with more than one million inhabitants, any county of the first classification without a charter form of government and with more than one hundred ninety-eight thousand but less than one hundred ninety-nine thousand two hundred inhabitants, any county of the third classification without a township form of government and with more than twenty-four thousand five hundred but less than twenty-four thousand six hundred inhabitants, any county with a charter form of government and with more than two hundred fifty thousand but less than three hundred fifty thousand inhabitants, any county of the first classification without a charter form of government and with more than ninety-three thousand eight hundred but less than ninety-three thousand nine hundred inhabitants, any county of the third classification without a township form of government and with more than thirty-eight thousand nine hundred but less than thirty-nine thousand inhabitants, any county of the fourth classification with more than fifty-five thousand six hundred but less than fifty-five thousand seven hundred inhabitants, and any county of the third classification without a township form of government and with more than seventeen thousand eight hundred but less than seventeen thousand nine hundred inhabitants.**

**2. Any redevelopment project consisting solely of public infrastructure improvements on public land requiring two million dollars or less in tax increment financing, wherein the bonds for such project will be paid off in seven years or less, shall be exempt from the provisions of sections 99.866 to 99.872. However, no “stringing” of projects shall be allowed. No exempt project pursuant to this section shall be combined with another exempt project pursuant to this section for a period of five years.**

**3. Any redevelopment project for which eligible project redevelopment costs are to be paid from that portion of the total economic activity taxes and payments in lieu of taxes imposed by the municipality only, and real or potential revenues from no other taxing jurisdictions are involved, are exempt from the provisions of sections 99.866 to 99.872.**

**99.867. 1. The municipality and any proposed redevelopment area shall meet the requirements of section 99.810 and this section. In addition, if the proposed redevelopment project is a retail redevelopment project, it must be in a redevelopment area where:**

**(1) The host municipality or, for unincorporated areas, the host school district has low fiscal capacity;**  
**or**

**(2) The census block group or groups, as defined in the most recent decennial census, containing the proposed redevelopment area have high unemployment; or**

**(3) The municipality, census block group or groups, as defined in the most recent decennial census, containing the proposed redevelopment area are characterized by moderate income.**

**2. Tax increment financing shall not be used for more than thirty percent of the total estimated**

redevelopment costs of a project unless the redevelopment is in a municipality, census block group or group of block groups with a median household income less than seventy percent of that of the metropolitan area, a distressed community as defined in section 135.530, RSMo, a federal enterprise zone or a federal empowerment zone. Tax increment financing shall not be used to develop sites in which twenty-five percent or more of the area is vacant and has not previously been developed or qualifies as "open space" pursuant to section 67.900, RSMo, or is presently being used for agricultural or horticultural purposes.

3. If the majority of the proposed redevelopment project is located in an area meeting the requirements of low fiscal capacity, high unemployment, and moderate income set forth in this section, and if such conditions are documented in an area which is contiguous to but outside of the qualifying area, and is smaller than a census block group, the contiguous area shall be added to the qualifying area.

99.870. Commencing with the first fiscal year in which any municipality receives any payments in lieu of taxes from a redevelopment project and continuing through the last fiscal year in which the municipality receives such payments, the municipality shall pay to any other taxing entities entitled to receive revenue from levies on real property in such municipality, an amount equal to twenty-five percent of the payments in lieu of taxes received by the municipality. This amount shall be divided among the other affected taxing entities on a basis that is proportional to the collections of revenue from real property in the development area to which each such taxing district is entitled during that tax year.

99.871. In addition to the requirements which may apply pursuant to section 99.810, no redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision, an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met, and a study stating that records were reviewed, inspections were made, comparisons were made, or tasks undertaken demonstrating that the property has not been developed through private enterprise over a period of time. Such a study should be signed by a responsible party in the local jurisdiction who is designated as being responsible for the study's representations. The study shall be of sufficient specificity to allow representatives of the tax increment financing commission or the municipality, or both, to conduct investigations deemed necessary in order to confirm its findings;

(2) An economic feasibility analysis including a pro forma financial statement indicating a return on investment that may be expected without public assistance. The financial statement shall detail any assumptions made, a pro forma statement analysis demonstrating the amount of assistance required to bring the return into a range deemed attractive to private investors, which amount shall be equal to the estimated reimbursable project costs.

99.872. The municipality and the developer shall annually submit information to the department regarding an approved plan for as long as the plan is in effect. The department shall establish reporting requirements by rule promulgated pursuant to chapter 536, RSMo. The department shall submit a report to the governor and the general assembly by December thirty-first of each year. The report shall, at a minimum, identify the number and location of redevelopment areas, quantify public investment in each, and assess the public benefit derived from the redevelopment project.

99.873. Any district in any city not within a county, any county with a charter form of government and with more than one million inhabitants, any county of the first classification without a charter form of government and with more than one hundred ninety-eight thousand but less than one hundred ninety-nine thousand two hundred inhabitants, any county of the third classification without a township form of government and with more than twenty-four thousand five hundred but less than twenty-four thousand six hundred inhabitants, any county with a charter form of government and with more than two hundred fifty thousand but less than three hundred fifty thousand inhabitants, any county of the first classification without a charter form of government and with more than ninety-three thousand eight hundred but less than ninety-three thousand nine hundred inhabitants, any county of the third classification without a township form of government and with more than thirty-eight thousand nine hundred but less than thirty-nine thousand inhabitants, any county of the fourth classification with more than fifty-five thousand six hundred but less than fifty-five thousand seven hundred inhabitants, and any county of the third classification without a township form of government and with

more than seventeen thousand eight hundred but less than seventeen thousand nine hundred inhabitants, providing emergency services pursuant to chapter 190 or 321, RSMo, shall be entitled to reimbursement from the special allocation fund for direct costs. However, such reimbursement shall not be less than twenty-five percent nor more than one hundred percent of the district's tax increment.

100.050. 1. Any municipality proposing to carry out a project for industrial development shall first, by majority vote of the governing body of the municipality, approve the plan for the project. The plan shall include the following information pertaining to the proposed project:

- (1) A description of the project;
- (2) An estimate of the cost of the project;

**3. If the plan for the project is approved after August 28, 2002, any payments in lieu of taxes, contributions, grants or other payments of any nature whatsoever expected to be made by any lessee of the project shall be applied in accordance with this section. The lessee may reimburse the municipality for its actual costs of issuing the bonds and administering the plan. All amounts paid in excess of such actual costs shall, immediately upon receipt thereof, be disbursed by the municipality's treasurer or other financial officer to each taxing district in proportion to the current ad valorem tax levy of each taxing district.**

100.060. 1. The governing body of any municipality proposing a project for industrial development which involves issuance of revenue bonds or involves conveyance of a fee interest in property to a municipality shall, not less than twenty days prior to approving the plan for a project as required by section 100.050, provide notice of the proposed project to the county in which the municipality is located and any school district that is a taxing district. Such notice shall include the information required in section 100.050, shall state the date on which the governing body of the municipality will first consider approval of the plan, and shall invite such taxing districts to submit comments to the governing body.

**3. This section is applicable only if the plan for the project is approved after August 28, 2002.**

100.105. No later than January thirty-first of each year, the municipality shall file a report with the department of economic development on the previous year's revenue bond issuances and general obligation bond issuances, which report shall contain only the following information:

- (1) The name, address, spokesperson, and telephone number of the issuing entity;
- (2) The name, address, age, and type of business of the beneficiary firm;
- (3) The amount, term, interest rate or rates, and date of issuance of the bonds issued;
- (4) The name and address of the underwriter, if any, of such bonds;
- (5) The name and address of the guarantor, if any;

- (7) A copy of the preliminary official statement used when offering the bonds for sale;
- (8) The estimated number of new jobs to be generated by the proposed project;
- (9) A list of the use of bond proceeds, including whether the purpose of the project and the funds generated by the issuance of such bonds is to open a new business, build a branch plant, expand an existing facility, or acquire an existing business[;] **together with a general description of the real property or personal property purchased by or on behalf of the municipality with such proceeds; and**
- (10) The estimated total cost of the project.

100.180. The municipality shall have the authority to enter into loan agreements, sell, lease, or mortgage to private persons, partnerships or corporations the facilities purchased, constructed or extended by the municipality for manufacturing and industrial development purposes. In the event that the facility has been financed by revenue bonds, the installments of charges or rents shall be sufficient to meet the interest and sinking fund requirements on the bonds. The loan agreement, installment sale agreement, [or] lease, **or other such document** shall contain such other terms as are agreed upon between the municipality and the obligor, provided that such terms shall be consistent with the other provisions of sections 100.010 to 100.200.”; and

Further amend said bill, Page 139, Section 135.535, Line 21, by inserting after all of said line the following:

“137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, in

the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation, exclusive of new construction and improvements. All political subdivisions shall immediately revise the rates of levy for each purpose for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year, except that the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor shall be limited to the actual assessment growth within the political subdivision, exclusive of new construction and improvements, but not to exceed the consumer price index or five percent, whichever is lower.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling in the prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive for the three-year period preceding such determination.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, **sections 100.010 to 100.200, RSMo**, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. The assessor shall certify the amount of new construction and improvements for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers

for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on June first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be the current tax rate ceiling. The increased tax rate ceiling as approved may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval.

6. Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one/one hundredth of a cent. A taxing authority shall round up a fraction greater than or equal to five/one thousandth of one cent to the next higher one/one hundredth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the

taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. A taxing authority, including but not limited to a township, county collector, or collector of taxes, responsible for determining and collecting the amount of residential real property tax levied in its jurisdiction, shall report such amount of tax collected by December thirty-first of each year such property is assessed, to the state tax commission. The state tax commission shall compile the tax data by county or taxing jurisdiction and submit a report to the general assembly no later than January thirty-first of the following year.”; and

Further amend the title and enacting clause accordingly.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SEVENTY-FOURTH DAY, FRIDAY, MAY 17, 2002

Speaker Kreider in the Chair.

Prayer by Representative Betty Thompson.

Thank God for another day, one that You and I have never seen, as we come to the end of another session, we thank God for the blessings He has bestowed upon us. We ask God to bless our families, our Speaker, fellow legislators and our Governor.

We must always remember our mission that we may be good and faithful servants of the people we represent. God, we ask that You put Your arms around us, as You have brought us through the good times as well as the tough times of the budget cuts.

We're not perfect, but we serve a perfect God, so we ask God that You continue to protect our children, our senior citizens, the disabled, veterans and the people of this great state. We ask these blessings in Your name. We shall walk together children and don't get weary, there'll be a great day coming in the Promised Land.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Katie Luetkenhaus, Andrew Luetkenhaus, Tori Louzader, Thomas Louzader, James Patrick Warren, Kevin Michael Warren, Kaitlin Brantley and Denny J. Merideth, IV.

The Journal of the seventy-third day was approved as corrected.

## MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SS SCS HCS HBs 1150, 1237 & 1327**, entitled:

An act to amend chapters 32 and 144, RSMo, by adding thereto ten new sections relating to assessment and collection procedures of the department of revenue, with an emergency clause.

With Senate Amendment No. 1, Senate Amendment No. 1 to Senate Amendment No. 3, Senate Amendment No. 3, as amended, and Senate Amendment No. 6

### Senate Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1150, 1237 & 1327, Page 10, Section 32.381, Line 3 of said page, by inserting after all of said line the following:

“137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes

pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books **for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016**, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation **of each subclass of real property, individually, and personal property, in the aggregate**, exclusive of new construction and improvements. All political subdivisions shall immediately revise the **applicable** rates of levy for each purpose **for each subclass of real property, individually, and personal property, in the aggregate**, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year **for each subclass of real property, individually, and personal property, in the aggregate**, except that the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. **Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year.** As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor shall be limited to the actual assessment growth [within] **in the aggregate** for the political subdivision, exclusive of new construction and improvements, but not to exceed the consumer price index or five percent, whichever is lower. **Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, as per the relative tax rate reduction of such subclasses of real property, individually, and/or personal property, in the aggregate.**

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling **for the particular subclass of real property or for personal property, in the aggregate**, in the prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate **for the particular subclass of real property or for personal property, in the aggregate**, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the

corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive for the three-year period preceding such determination.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term “improvements” shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. The assessor shall certify the amount of new construction and improvements for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on June first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term “property” means all taxable property, including state assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be the current tax rate ceiling. The increased tax rate ceiling as approved may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval.

**(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate were at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution**

or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to a taxing jurisdiction which receives some portion of its funding pursuant to chapter 163, RSMo.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one-hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest [one/one hundredth] **one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to [five/one thousandth] five/one-thousandth of one cent to the next higher [one/one hundredth] one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent.** Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that

the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. A taxing authority, including but not limited to a township, county collector, or collector of taxes, responsible for determining and collecting the amount of residential real property tax levied in its jurisdiction, shall report such amount of tax collected by December thirty-first of each year such property is assessed, to the state tax commission. The state tax commission shall compile the tax data by county or taxing jurisdiction and submit a report to the general assembly no later than January thirty-first of the following year.

137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable real property in the county owned by the person, or under his or her care, charge or management, and all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county of the first classification with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word “comparable” means that:

- (a) Such sale was closed at a date relevant to the property valuation; and
- (b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percents of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;
- (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;
- (5) Poultry, twelve percent; and
- (6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication,

as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. [If] **Before** the assessor [increases] **may increase** the assessed valuation of any parcel of subclass (1) real property by more than [seventeen] **fifteen** percent since the last assessment, excluding increases due to new construction or improvements, [then] the assessor shall conduct a physical inspection of such property.

**11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.**

**12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a "drive-by inspection" or the like shall not be considered sufficient to constitute a physical inspection as required by this section.**

**13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank for its service.**

**14. The provisions of sections 137.073, 137.115, 138.060 and 138.100 of this act shall become effective January 1, 2003 for any taxing jurisdiction which is partly or entirely within a county with a charter form of government with greater than one million inhabitants, and the provisions of sections 137.073, 137.115, 138.060 and 138.100 of this act shall become effective January 1, 2005 for all taxing jurisdictions in this state. Any county in this state may, by an affirmative vote of the governing body of such county, opt into the provisions of this act prior to January 1, 2005.**

138.060. 1. The county board of equalization shall, in a summary way, determine all appeals from the valuation of property made by the assessor, and shall correct and adjust the assessment accordingly. There shall be no presumption that the assessor's valuation is correct. **In any county with a charter form of government with a population greater than two hundred eighty thousand inhabitants but less than two hundred eighty-five thousand inhabitants, and in any county with a charter form of government with greater than one million inhabitants, and in any city not within a county, the assessor shall have the burden to prove that the assessor's valuation does not exceed the true market value of the subject property. In such county or city, in the event a physical inspection of the subject property is required by subsection 10 of section 137.115, RSMo, the assessor shall have the burden to establish the manner in which the physical inspection was performed and shall have the burden to prove that the physical inspection was performed in accordance with section 137.115, RSMo. In such county or city, in the event the assessor fails to provide sufficient evidence to establish that the physical inspection was performed in accordance with section 137.115, RSMo, the property owner shall prevail on the appeal as a matter of law.** At any hearing before the state tax commission or a court of competent jurisdiction of an appeal of assessment from a first class charter county or a city not within a county, the assessor shall not advocate nor present evidence advocating a valuation higher than that value finally determined by the assessor or the value determined by the board of equalization, whichever is higher, for that assessment period.

2. The county clerk shall keep an accurate record of the proceedings and orders of the board, and the assessor shall correct all erroneous assessments, and the clerk shall adjust the tax book according to the orders of such board and the orders of the state tax commission, except that in adding or deducting such percent to each tract or parcel of real estate as required by such board or state tax commission, he shall add or deduct in each case any fractional sum of less than fifty cents, so that the value of any separate tract shall contain no fractions of a dollar.

138.100. 1. The following rules shall be observed by such county boards of equalization:

(1) They shall raise the valuation of all tracts or parcels of land and all tangible personal property as in their opinion have been returned below their real value; but, after the board has raised the valuation of such property, notice shall be given that said valuation of such property has been increased and a hearing shall be granted; such notice shall be in writing and shall be directed to the owner of the property or the person controlling the same, at his last address as shown by the records in the assessor's office, and shall describe the property and the value thereof as increased; such

notice may be by personal service or by mail and if the address of such person or persons is unknown, notice may be given by publication in two newspapers published within the county; such notice shall be served, mailed or published at least five days prior to the date on which said hearing shall be held at which objections, if any, may be made against said increased assessment;

(2) They shall reduce the valuation of such tracts or parcels of land or of any tangible personal property which, in their opinion, has been returned above its true value as compared with the average valuation of all the real and tangible personal property of the county.

2. Such hearings shall end on the last Saturday of July of each year; provided, that the estimated true value of personal property as shown on any itemized personal property return shall not be conclusive on the assessor or prevent the assessor from increasing such valuation. Provided further that said board of equalization shall meet thereafter at least once a month for the purpose of hearing allegations of erroneous assessments, double assessments and clerical errors, and upon satisfactory proof thereof shall correct such errors and certify the same to the county clerk and county collector.

**3. The board of equalization in all counties with a charter form of government shall provide the taxpayer with written findings of fact and a written basis for the board's decision regarding any parcel of real property which is the subject of a hearing before any board of equalization.”; and**

Further amend the title and enacting clause accordingly.

(1) The president of the board of police commissioners of the city, ex officio. (2) The comptroller of the city, ex officio. (3) Three members to be appointed by the mayor of the city to serve for a term of two years;

(4) Three members to be elected by the members of the retirement system of the city for a term of three years; provided, however, that the term of office of the first three members so elected shall begin immediately upon their election and one such member's term shall expire one year from the date the retirement system becomes operative, another such member's term shall expire two years from the date the retirement system becomes operative and the other such member's term shall expire three years from the date the retirement system becomes operative; provided, further, that such members shall be members of the system and hold office only while members of the system;

(5) Two members who shall be retired members of the retirement system to be elected by the retired members of the retirement system for a term of three years; except that, the term of office of the first two members so elected shall begin immediately upon their election and one such member's term shall expire two years from the date of election and the other such member's term shall expire three years from the date of election.

2. Any member elected chairman of the board of trustees may serve [a total of four years in that capacity which shall be limited to no more than two consecutive terms] **without term limitations**.

3. Each commissioned elected trustee shall be granted travel time by the St. Louis metropolitan police department to attend any and all functions that have been authorized by the board of trustees of the police retirement system of St. Louis. Travel time, **with compensation**, for a trustee shall not exceed thirty days in any board fiscal year.

86.251. 1. The board of trustees may develop and establish a deferred retirement option plan (DROP) in which members who are eligible for retirement but who have not terminated employment as police officers and who have not actually retired may participate. The DROP shall be designed to allow members with at least twenty years of creditable service or who have attained the age of fifty-five who have achieved eligibility for retirement and are entitled to a service retirement allowance and other benefits to postpone actual retirement, continue active employment and accumulate a deferred receipt of the service retirement allowance. No one shall participate in the DROP for a period exceeding five years.

2. Any member who has at least twenty years of creditable service or has attained the age of fifty-five may elect in writing before retirement to participate in the DROP. A member electing to participate in the DROP shall postpone actual retirement, shall continue in active employment and shall not receive any direct retirement allowance payments or benefits during the period of participation.

3. Upon the start of the participation in the DROP, the member shall cease to make any mandatory contributions to the system. No contribution shall be required by the city into the DROP account. During the period of participation in the DROP, the amount that the member would have received as a service retirement allowance if the member had actually retired instead of entering DROP shall be deposited monthly in the member's DROP account which shall be established in the member's name by the board of trustees. The member's service retirement allowance shall not be adjusted for any cost-of-living increases for any period prior to the member's termination of employment as a police officer and actual retirement. Cost-of-living increases, if any, for any period following the member's termination of employment as a police officer and actual retirement shall be applied only to monthly service retirement payments made following termination of employment as a police officer and actual retirement. Service earned during the period of participation in the DROP shall not be creditable service and shall not be counted in determination of any service retirement allowance or surviving spouse's or dependents' benefits. Compensation paid during the period of participation in the DROP shall not be earnable compensation and shall not be counted in the determination of any service retirement allowance or surviving spouse's or dependent's benefits. The member's service retirement allowance shall be frozen as of the date the member enters DROP. Except as specifically provided in sections 86.200 to 86.366, the member's frozen service retirement allowance shall not increase while the member is participating in DROP or after the member's

participation in DROP ends, and the member shall not share in any benefit improvement that is enacted or that becomes effective while such member is participating in the DROP.

4. A member shall cease participation in the DROP upon the termination of the member's employment as a police officer and actual retirement, or at the end of the five-year period commencing on the first day of the member's participation in the DROP, or as of the effective date, but in no event prior to October 1, 2001, of the member's election to return to active participation in the system, whichever occurs first. A member's election to return to active participation in the system before the end of the five-year period commencing on the first day of participation in the DROP shall be made and shall become effective in accordance with procedures established by the board of trustees, but in no event prior to October 1, 2001. Upon the member's termination of employment as a police officer and actual retirement, the member shall elect to receive the value of the member's DROP account, in one of the following forms of payment:

- (a) A lump sum payment; or
- (b) Equal monthly installments over a ten-year period.

Either form of payment should begin within thirty days after the member's notice to the board of trustees that the member has selected a particular option.

5. If a member who is participating in the DROP elects to return to active participation in the system or if a member who is participating in the DROP does not terminate employment as a police officer in the city for which the retirement system was established pursuant to sections 86.200 to 86.366 and actually retires at the end of the five-year period commencing on the first day of the member's participation in the DROP, the member shall return to active participation in the system and shall resume making mandatory contributions to the system effective as of the day after participation in the DROP ends or, if later, October 1, 2001. The board of trustees shall notify the police commissioners to begin deducting mandatory contributions from the member's salary and the member's employment period shall count as creditable service beginning as of the day the member returns to active participation.

6. In no event shall a member whose participation in DROP has ended for any reason be eligible to participate in DROP again.

7. Upon the member's termination of employment as a police officer and actual retirement, the member's mandatory contributions to the retirement system shall be paid to the member pursuant to subsection 4 of section 86.253.

8. If a member dies prior to termination of employment as a police officer and actual retirement while participating in the DROP or before the member has received full withdrawal of the amount in the member's DROP account under the installment optional payment form, the remaining balance of the member's DROP account shall be payable to the member's surviving spouse; or, if the member is then unmarried, to the member's dependent children in equal shares; or, if none, to the member's dependent mother or father; or, if none, to the member's designated beneficiary or, if no such beneficiary is then living, to the member's estate. Payment shall be made **in a lump sum** within sixty days after [the retirement system is notified of the member's death] **receipt by the board of trustees of evidence and proof of the death of a member**. In addition, the member's mandatory contributions, if any, that were not already paid to the member pursuant to subsection 4 of section 86.253 shall be paid to the member's surviving spouse pursuant to section 86.288.

9. If a member has elected to participate in the DROP and during such participation period applies for and receives benefits for an accidental disability retirement allowance pursuant to the provisions of section 86.263, the member shall forfeit all rights, claims or interest in the member's DROP account and the member's benefits shall be calculated as if the member has continued in employment and had not elected to participate in the DROP. Any portion of a DROP account that has been forfeited as provided in this subsection shall be a general asset of the system.

10. A member's DROP account shall earn interest equal to the rate of return earned by the system's investment portfolio on a market value basis, including realized and unrealized gains and losses, net of investment expense, as certified by the system's actuary. As of the [first] **last** day of each **plan** year[,], beginning [with the second fiscal year of] **after DROP participation begins**, the member's DROP account balance, determined as of the [first] **last** day of [such] **the prior plan** year, shall be credited with interest at the investment rate earned by the assets of the retirement system for [the] **such prior plan** year. If distribution of the member's DROP account balance is [completed during the year] **made in a lump sum under subsection 4 or 8 of this section**, interest **for the plan year of distribution** shall be credited[, based] on the [beginning] **ending** balance for the **prior plan** year **at the investment rate earned on the assets of the retirement system for the prior plan year**, in proportion to the part of the **plan** year preceding the date of [final distribution. No interest shall be credited on amounts, if any, added to the member's DROP account during the year in which the distribution of the account is completed] **the member's termination of employment or death**,

**whichever is earlier.** If the member's DROP account is paid in equal monthly installments pursuant to subsection [5] 4 of this section, [any] **interest during the installment period shall be credited as of the last day of each plan year ending after installment payment begins on the account balance as of the first or last day of the plan year, whichever is lower, at the investment rate earned by the assets of the system for the prior plan year. Interest for the year in which the final installment is paid shall be credited on the balance remaining after the final installment is paid, at the investment rate earned on the assets of the system for the prior plan year, in proportion to the part of the plan year preceding payment of the final installment. Any interest credited to the DROP account during the installment period shall be paid as soon as reasonably possible after the final monthly installment. No interest shall be credited on amounts, if any, added to the member's DROP account during the year in which the distribution of the account is completed.**

11. The board of trustees shall not incur any liability individually or on behalf of other individuals for any act or omission, made in good faith in relation to the DROP or assets credited to DROP accounts established by this section. The provisions of the Internal Revenue Code and regulations promulgated thereunder shall supersede any provision of this section if there is any inconsistency with the Internal Revenue Code or regulation.

12. Upon the receipt by the board of trustees of evidence and proof that the death of a member resulted from an event occurring while the member was in the actual performance of duty, and if the member is participating in the DROP, the member's surviving spouse or, if the member is then unmarried, the member's unmarried dependent children, may elect within thirty days after the member's death to have the amount in the member's DROP account paid in the form of a monthly survivor annuity. Payment of the survivor annuity shall begin within sixty days after the election is received. Payment to the member's surviving spouse shall continue until the surviving spouse's death; payment to the member's unmarried dependent children shall be made while any child qualifies as an unmarried dependent child pursuant to section 86.280. The survivor annuity shall be the actuarial equivalent of the member's DROP account as of the date [payment begins] **of the member's death.** In no event shall the total amount paid pursuant to this subsection be less than the member's DROP account balance as of the date [payment begins] **of the member's death.**

86.255. 1. Notwithstanding any other provision of the plan established in sections 86.200 to 86.366, if an eligible rollover distribution becomes payable to a distributee, the distributee may elect, at the time and in the manner prescribed by the board of trustees, to have any of the eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

2. For purposes of this section, the following terms mean:

(1) "Direct rollover", a payment by the board of trustees from the fund to the eligible retirement plan specified by the distributee;

(2) "Distributee", a member, a surviving spouse or a spouse;

(3) "Eligible retirement plan", an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b) of the Internal Revenue Code, or a qualified trust described in Section 401(a) of the Internal Revenue Code that accepts the distributee's eligible rollover distribution **or, effective for eligible rollover distributions made on or after January 1, 2002, an annuity contract described in Section 403(b) of the Internal Revenue Code or an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this plan, and shall include, for eligible rollover distributions made on or after January 1, 2002, a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code;**

(4) "Eligible rollover distribution", any distribution of all or any portion of a member's benefit, other than:

(a) A distribution that is one of a series of substantially equal periodic payments, made not less frequently than annually, for the life or life expectancy of the distributee or for the joint lives or joint life expectancies of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more;

(b) The portion of a distribution that is required under Section 401(a)(9) of the Internal Revenue Code; or

(c) [The] **Effective for distributions made on or after January 1, 2002, a portion of [any] a distribution [that is not includable in] shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. Speaker Kreider declared the bill passed.

Prayer by Father David Buescher.

Father of Goodness, God of Justice, these representatives began this session's final day recalling Your presence. Much has been accomplished, much remains to be decided. Let no one here despair. For those who rue the passage of certain bills, there is the future which can change things again and re-coup losses. For those who see major gaps to fill, there is a future.

Thank You for the strength to do what has been done here in this room for the last several months. Help us now, after all the hustle and bustle of this last day, to recommit ourselves again to the wonderful, messy, democratic process. It alone seems to bring the most good for the most people in the long run.

And, God, may we sense in our soul of souls and our heart of hearts, Your guiding, caring, watchful, gentle love. Give these men and women the time now to rest with families and friends, to refresh and re-create themselves within their homes and communities for whatever their futures may bring. Thank You for their dedication, their work, their lives. Amen.

PRESENT: 003

ABSENT WITH LEAVE: 005

Barnett Boykins Burcham Naeger Smith

VACANCIES: 004

On motion of Representative Crump, the House recessed until 1:15 p.m. to allow the House Members to attend the September 11<sup>th</sup> Remembrance Ceremony.

The hour of recess having expired, the House was called to order by Speaker Kreider.

Prayer by Reverend Rudy Beard.

God of our Parents, we come before You with the memories that are ours, the troubling theme of terror in our land and in Your world. Yet gloom is not our mood. Defeat and despair are not the words for this hour.

Rather, in this hour of remembrance we are thankful, thankful for a strong nation. We are thankful for those who labor for our safety; all who wear the uniform of our nation, our state and our communities. We commend to Your Eternal care all those whose life was taken by terror and violence one year ago.

This day we ask Your blessings upon the Speaker and the men and women of this House. As these men and women fulfill their office, give them the grace of character; character that will lead them to speak and act in ways which honor our principles of Godliness, truth, justice and mercy.

And to You be glory and honor now and forever. Amen.

The Pledge of Allegiance to the flag was recited.

### **SPEAKER ADDRESSES THE HOUSE**

One year ago today, events a thousand miles away, would forever change the way we look at ourselves, the world we live in and everything we hold dear--our freedoms, our democracy, and our way of life.

A cowardly enemy, filled with evil, carried out the vilest act of terrorism ever committed on American soil--taking wives, husbands, parents, sons, daughters and even entire families from us.

I remember standing here last year wondering what it all meant, trying to understand how anyone could harbor so much hatred, but even more so wondering what the impact would be to the people of our great nation.

I'm sure all of you remember where you were on that fateful day. We were all here in a Special Session working to address issues important to our senior citizens, farmers and working families of this great state.

On that day the importance of those issues were dwarfed by the magnitude of those two jets crashing into the twin towers in New York and into the Pentagon and in Pennsylvania.

While we watched tragedy unfold before our very eyes, and felt the need to be at home with our loved ones, this body did something no other legislature in the country did.

It stood firm--our democracy would not waiver.

Even in the face of an unknown enemy, even in the shadow of an uncertain future, we carried out our duty as representatives of the people of the great state of Missouri, we put the people's interests first.

The Missouri House of Representatives decided to send a message--terrorism will never be rewarded in our democracy.

You rose to the challenge and passed a comprehensive prescription drug package keeping a commitment to our seniors, modifying the state's livestock price discrimination law and approving **another** tax cut for working families.

At the time it was impossible to know if our choice to stay was the correct one, but today it is obvious it was the right thing to do. And I can truly say I have never been more proud to be a member of the Missouri House of Representatives.

Some think that we, as Americans, should spend this September 11th--a day of remembrance--in the company of family and friends. But here we are again, in this chamber going about the people's business.

I consider myself among family and friends this afternoon. We have faced many trials and challenges together, including the uncertainty we all shared one year ago today.

I am proud of this nation, I am proud of our great state and I am proud of this institution. We have a lot to be proud of, a nation that has become even more united in the face of adversity.

The strength and resolve of the American spirit has shined through every moment of every day brighter than ever.

Now, ethnic, cultural and political differences no longer matter--all that matters is that we are all Americans united.

And, as Americans we will ensure that those 3,241 Patriots did not die in vain.

May God bless all of you, and may God bless America.

## **RESOLUTION**

Representative Crump offered **House Resolution No. 1**.

## MESSAGES FROM THE GOVERNOR

EXECUTIVE OFFICE

State of Missouri  
Jefferson City, MO 65101

June 26, 2002

---

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1108** entitled:

"AN ACT"

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Public Safety, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2002 and ending June 30, 2003.

Section 8.170

I hereby veto \$84,550 federal funds for the Missouri State Water Patrol for a new lieutenant colonel position. Adding a position from federal funds would result in fewer federal funds being available for ongoing, operating expenses. Given the scarcity of general revenue funds statewide—and the critical importance of maintaining Water Patrol operations—such a redirection of federal funds would be unwise at this time.

Personal Service by \$84,550 from \$281,949 to \$197,399  
From \$1,718,677 to \$1,634,127 in total from Federal Funds

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1495**, entitled:

"AN ACT"

To repeal section 130.016, RSMo, relating to elections, and to enact in lieu thereof one new section relating to the same subject.

I disapprove of **Senate Committee Substitute for House Bill No. 1495**. My reasons for disapproval are as follows:

This bill attempts to raise the single contributor limit within section 130.016, RSMo, to reflect the current contribution limits allowed under section 130.032, RSMo. The bill does not, however, consistently raise the limits. Rather, they are raised from \$250.00 to \$300.00 in some sentences and not raised at all in others. In addition, the bill does not amend other current sections of law that suggest that the single contributor limit is still \$250.00. I have been advised by the Missouri Ethics Commission that these technical inconsistencies will make it impossible to effectuate the General Assembly's intent in passing the bill. I am compelled, therefore, to veto this bill on technical grounds.

For all of the above-stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1495** without my approval.

Respectfully submitted,

/s/ Bob Holden

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Substitute for House Bill No. 1748**, entitled:

"AN ACT"

To repeal sections 247.030, 247.031, 247.040, 247.217, 247.220, 393.705, 393.847, 640.100, 640.620, 644.016, 644.036, 644.051 and 644.052, RSMo, and to enact in lieu thereof twenty-one new sections relating to water resources.

I disapprove of **Conference Committee Substitute for Senate Substitute for House Bill No. 1748**. My reasons for disapproval are as follows:

This bill is similar but not identical to Conference Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bills 984 and 985 (hereinafter SB 984), which was also approved by the General Assembly during the 2002 session and signed into law on July 11, 2002.

One provision in both bills is section 640.825, which addresses the burden of proof in appeals from decisions of the Department of Natural Resources (hereinafter DNR) and the various commissions housed in that department. This section in both bills places the burden of proof in appeals from certain decisions made by DNR and its commissions on DNR or the commission. This section also places the burden of proof on an applicant who appeals a denial of a permit, license, or registration. The bills differ, however, in that this bill contains a clause within section 640.825 that SB 984 does not contain, which clause mandates that when a third party appeals the issuance of a permit, license, or registration, or any term or condition thereof, the burden of proof is on that third party.

This clause places an undue burden on the participating public when it appeals the terms and conditions of a permit because it treats the third party appellant differently than the applicant appellant. An applicant who appeals DNR's decision or a term or condition thereof does not carry the burden of proof, whereas a third party appealing such a decision does bear the burden. This change in policy may have the effect of discouraging the public participation that benefits our environment by ensuring that the decisions of DNR are submitted to public scrutiny. In sum, I disagree that the third party participants should be placed at such a disadvantage relative to other appellants.

For all of the above-stated reasons for disapproval, I am returning **Conference Committee Substitute for Senate Substitute for House Bill No. 1748** without my approval.

Respectfully submitted,

/s/ Bob Holden  
Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1789**, entitled:

"AN ACT"

To repeal sections 301.129, 301.131 and 301.453, RSMo, relating to special license plates, and to enact in lieu thereof four new sections relating to the same subject, with penalty provisions.

I disapprove of **Senate Committee Substitute for House Bill No. 1789**. My reasons for disapproval are as follows:

This bill amends section 301.129, RSMo, in an effort to reestablish an advisory committee for the Department of Revenue to develop designs for a future re-issuance of Missouri's license plates. Considering the current difficult fiscal environment, I do not believe it is appropriate to anticipate a re-issuance of license plates. The last re-issuance of license plates was done recently, in 1997. Cost estimates of a future re-issuance, furthermore, suggest that it would cost in excess of \$15 million to replace Missouri license plates. Missouri citizens must be assured that state resources are being expended on our state's top priorities such as education, health care, safe roads and bridges, and essential services. By vetoing

this bill, almost every other provision of which is contained in either Senate Bill No. 798 or House Committee Substitute for Senate Committee Substitute for Senate Bill No. 1093, both of which were passed by the General Assembly during the 2002 legislative session and signed into law on July 3, 2002, we give the citizens of this state that assurance.

For all of the above-stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1789** without my approval.

Respectfully submitted,

/s/ Bob Holden  
Governor
